**A RESOLUTION FOR THE ADOPTION OF THE REVISED CHARLESTON REGIONAL
HAZARD MITIGATION PLAN BY
THE TOWN OF LINCOLNVILLE, SOUTH CAROLINA**

Resolution No. 2008-1001

WHEREAS the Town of Lincolnville has experienced the effects of natural and man-made hazard events;
and

WHEREAS the Charleston Regional Hazard Mitigation Project Committee has prepared a recommended
Charleston Regional Hazard Mitigation Plan; and

WHEREAS the recommended *Charleston Regional Hazard Mitigation Plan* has been widely circulated
for review by residents/business organizations/professional organizations of the
unincorporated and incorporated areas of Charleston County, state, federal, regional and
local government agencies and has been supported by those reviewers; and

WHEREAS the Town of Lincolnville originally adopted the *Charleston Regional Hazard Mitigation Plan*
in 1999 and readopted it in 2004, and is required to adopt the amended version of this plan
on a five-year cycle for the Town to remain eligible for certain federal programs in which
the Town of Lincolnville participates, and

NOW THEREFORE be it resolved that

1. The *Charleston Regional Hazard Mitigation Plan* is hereby adopted as an official plan
of the Town of Lincolnville, and
2. The Charleston Regional Hazard Mitigation Project Committee is recognized as a
continuing entity charged with reviewing, maintaining in accordance with Community
Rating System, Flood Mitigation Assistance, and Disaster Mitigation Act requirements,
and periodically reporting on the progress towards and revisions to the plan to the
Town of Lincolnville Council.

Effective this 30th Day of September, 2008

Attest:

Mayor

Municipal Clerk

STATUS REPORT FOR THE TOWN OF LINCOLNVILLE, SC

**Following are the projects proposed to be undertaken/continued in the Town of
Lincolnvile for hazard mitigation during 2009-2010 and their status as or March, 2010:**

(Abbreviations for "Type" are as follows: "PA" is Preventive Activities, "PP" is Property Protection Activities, "NB" is Natural and Beneficial Functions/Resource Preservation Activities, "ES" is Emergency Services Activities, "SP" is Structural Projects Activities, and "PI" is Public Information Activities, "GIS" is Geographic Information Systems Activities.)

| | <i>Type</i> | <i>Activity</i> | <i>Lead Agency</i> | <i>Funding Source</i> | <i>Goal(s) addressed</i> | Priority <i>(1 highest, 4 lowest)</i> | <i>Status as of March, 2010</i> <i>(Activities for time period of May, 2009-February, 2010)</i> |
|--|-------------|---|-------------------------------|-----------------------|--|---|---|
| | PA | Continue enforcement of the International series Building-related and Fire codes and the floodplain management regulations. | Building Inspections | General Fund | Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; protect the lives of our citizens from natural and man-made hazards | 1 | On-going |
| | PA | Continue to provide coordination of County stormwater management regulations | Planning | General Fund | Minimize future flood damage; reduce existing flood damage; improve water quality; educating citizens regarding steps to take to reduce vulnerabilities; improve hazard resistance of infrastructure; reduce vulnerability of our infrastructure to natural and man-made hazards | 1 | On-going . The Charleston County Watershed Master Plan was completed and approved by FEMA for Community Rating System credits during 2010. Elements of the plan are incorporated into stormwater regulations. |
| | PA | Continue enforcement of zoning regulations. | Planning, Town Administration | General Fund | Minimize future flood damage; preserve environmental resources; promote long-term economic prosperity; preserve open space; encourage recreational activities; minimize future hurricane damage; minimize future earthquake damage; protecting the lives of our citizens from natural and man-made hazards | 1 | On-going |

| | | | | | | | |
|--|----|---|---|--|--|---|--|
| | PA | Conduct or co-sponsor training workshops regarding the International Building-related, flood, and Fire Prevention Codes and Regulations if there is interest in these workshops | Charleston County Building Services | General Fund/self-supporting through workshop revenues | Educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; improve hazard resistance of infrastructure; minimize hurricane damage | 1 | Project Impact sponsored 4 seminars on construction codes and/or sustainable construction between April, 2009 and March, 2010. |
| | PA | Continue providing information to citizens regarding the propane tank anchoring | Charleston County Building Services | General Fund/ Grant Funding | Educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; minimize future flood damage; minimize future earthquake damage | 2 | Project Impact had information for distribution available at 15 expo-type events between April, 2009 and March, 2010. |
| | PA | Continue enforcing regulations requiring new manufactured homes brought into Charleston County to be constructed to wind zone 2 requirements as required per State law. | Building Inspections, Town Administration | General Fund | Minimize future hurricane damages; protecting lives of citizens from natural and man-made hazards | 1 | On-going |
| | PA | Continue prohibiting new manufactured homes to be installed in "V" flood zones and requiring manufacture homes installed in "A" flood zones to be on permanent foundations. | Building Inspections, Town Administration | General Fund | Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; protecting lives of citizens from natural and man-made hazards. | 1 | On-going |
| | PP | Promote the use of voluntary standards for single-family residences to exceed minimal building code requirements for wind and seismic design. | Building Inspections, Town Administration | General Fund/Grant Funding | Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; preserve environmental resources; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability | 2 | Project Impact had information for distribution available at 15 expo-type events between April, 2009 and March, 2010. |

| | | | | | | | |
|--|----|--|---|----------------------------|--|---|---|
| | PP | Promote standards for existing homes to be retrofitted to that exceed minimal codes. | Building Inspections, Town Administration | General Fund/Grant Funding | Reduce existing flood damage; preserve environmental resources; minimize future hurricane damages; minimize future earthquake damages; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability | 2 | Project Impact had information for distribution available at 15 expo-type events between April, 2009 and March, 2010. |
| | PP | Continue providing information to citizens regarding hazard safe interior rooms | Charleston County Building Services | General Fund | Minimize future tornado-related loss of life; Educating citizens regarding vulnerability to hazards and steps which may reduce vulnerability | 2 | Project Impact co-sponsored and shared logistical responsibilities for the S.C. Safe Home Expo in August, 2008. Project Impact held a seminar during this event, recruited speakers for the public expo part of the program, and had exhibits on display during this event. |
| | PP | Distribute a brochure on protecting boats from damages during hurricanes to interested citizens through expos, offices, marinas, and boat dealers. | Charleston County Building Services | Grant Funding | Educating citizens regarding steps to take to reduce hazard vulnerability; minimize future hurricane damage; encourage recreational activities | 3 | Project Impact had information for distribution available at 15 expo-type events between April, 2009 and March, 2010. |
| | PP | Distribute a brochure on protecting and preserving historic artifacts to interested citizens through expos, government offices, etc. | Charleston County Building Services | Grant Funding | Educating citizens regarding steps to take to reduce hazard vulnerability; preserve historic building inventory; minimize future flood damage | 2 | Project Impact had information for distribution available at 15 expo-type events between April, 2009 and March, 2010. Two new brochures on reducing pollution associated with boating were produced under the CARE project. |
| | PP | Seek funding for retrofitting critical facilities to enhanced hazard resistance as needed if funding sources become available. | Town Administration | Grant Funding | Reduce vulnerability of infrastructure to natural and man-made hazards; minimize future hurricane damage; minimize future earthquake damage; reduce existing flood damage; preserve historic building inventory; promote long-term economic prosperity | 1 | No applicable funding sources became available for hazard retrofits during this time period. |

| | | | | | | | |
|--|----|--|---|-------------------------------------|---|---|--|
| | NB | Continue enforcement of the tree protection/landscaping ordinance | Planning, Town Administration | General Fund | Preserve environmental resources; promote long-term economic prosperity; encourage recreational activities | 2 | The Charleston County Greenbelt program has preserved 2,918 acres in parklands through the Charleston County Parks & Recreation Commission and 122.7 acres through the St. Andrews Parks and Playgrounds Commission to date. Other parks in existence prior to the greenbelt program remain as open space. |
| | NB | Continue maintaining permanent open space as parks | Parks and Recreation Commission | General Fund | Preserve environmental resources; promote long-term economic prosperity; encourage recreational activities; minimize future flood damages | 2 | The Greenbelt Advisory Board has protected 17,850 acres of greenspace through March, 2010. |
| | NB | Continue to distribute literature on riparian buffer zones and hazard resistant landscaping to citizens through government offices and at expos. | Charleston County Building Services | Partner donations/ Grant Funding | Educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; minimize future flood damage; preserve environmental resources; improve water quality; improve hazard resistance of infrastructure; preserve open space; encourage recreational activities; minimize future hurricane damage | 2 | Project Impact had information for distribution available at 15 expo-type events between April, 2009 and March, 2010. |
| | ES | Continue hazardous material training | Charleston County Hazardous Materials Coordinator | Enterprise Fund | Protecting lives of our citizens from man-made hazards; minimize future hazardous materials incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events. | 1 | On-going |

| | | | | | | | |
|--|----|---|--|------------------------------|---|---|---|
| | ES | Continue Terrorist Response Training | Charleston County Hazardous Materials Coordinator | General Fund | Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity. | 1 | On-going |
| | ES | Continue coordinating Emergency Operations Center activities in the event of a hazard event | Charleston County Emergency Preparedness | General Fund | Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; promote long-term economic prosperity | 1 | On-going |
| | ES | Continue responding to hazard emergencies | EMS, Fire Departments, Sheriff Department, Haz. Mat. Coordinator, Emergency Preparedness | General Fund Enterprise Fund | Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; preserve historic building inventory; promote long-term economic prosperity | 1 | The Emergency Operations Center was activated on June 2, 2009 during the County's participation in the State-wide hurricane drill. A heightened awareness level (OPCON 4) also announced during 2010 for the potential repatriation of citizens returning through Charleston from the Haiti earthquake. |

| | | | | | | | |
|--|----|---|---|---|---|---|----------|
| | ES | Continue to require construction practices for new Town-owned critical facilities that are sensitive to flood zone (e.g. avoiding "A" and "V" flood zones where feasible) and seismic considerations. | Town Administration | General Fund Bond Funding | Protecting lives of citizens from natural and man-made hazards; reducing vulnerability of infrastructure and built-environment to hazards; minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage | 1 | On-going |
| | ES | Evaluate existing Town-owned facilities for hazard resistance and retrofit facilities if needed where feasible. | Town Administration | General Fund/ Grant Funding/ Bond Funding | Protecting lives of citizens from natural and man-made hazards; reducing vulnerability of infrastructure and built-environment to hazards; minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage | 1 | On-going |
| | ES | Continue working to attain resources and to provide training for maritime fire fighting through the Maritime Incident Response Team (MIRT). | Charleston County Hazardous Materials Coordinator | Grant Funding | Protecting the lives of citizens from man-made hazards; Establishing cooperative relationships between the public, private, and non-profit sectors to enhance preparedness and response for hazard events; Minimize future hazardous materials incidents; minimize future terrorist activity incidents; promote long-term economic prosperity | 1 | On-going |
| | ES | Continue coordinating the Anti- Terrorism Task Force of specially trained police, fire and EMS personnel to respond to terrorist acts. | Charleston County Hazardous Materials Coordinator | Grant Funding | Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity. | 1 | On-going |

| | | | | | | | |
|--|----|--|-------------------------------------|------------------------------------|--|---|----------|
| | SP | Continue a drainage maintenance and canal cleaning program | Town Administration | General Fund | Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; improve water quality; improve hazard resistance of infrastructure; promote long-term economic prosperity | 1 | On-going |
| | SP | Continue utility right of way permitting, considering emergency vehicle access and flood zone related issues in permitting decisions | Town Administration | General Fund | Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; improve hazard resistance of infrastructure; promote long-term economic prosperity | 1 | On-going |
| | SP | Continue the elevation reference mark inspection program | Town Administration | General Fund | Minimize future flood damage; Establishing cooperative relationships between public, private and non-profit sectors to enhance preparedness for hazards | 1 | On-going |
| | SP | Continue to coordinate with Charleston County regarding design, permitting, and construction services for the drainage projects defined in Attachment VI-C | Town Administration | Grant Funding General Fund | Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; improve water quality; improve hazard resistance of infrastructure; promote long-term economic prosperity | 1 | On-going |
| | SP | Continue the road repair/construction program, considering needs during evacuation and soil liquefaction potential in prioritization decisions | Charleston County Public Works | General Fund Grant Funding | Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future earthquake losses; improve hazard resistance of infrastructure; promote long-term economic prosperity | 1 | On-going |
| | SP | Continue to distribute a generator safety brochure to interested generator retail outlets, utility companies and the general public | Charleston County Building Services | Partner donations/ General Fund | Protecting the lives of citizens from natural and man-made hazards; educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; improve hazard resistance of infrastructure; minimize future hurricane-related losses | 2 | On-going |

| | | | | | | | |
|--|----|--|-------------------------------------|--------------|---|---|--|
| | PI | Provide hazard related information to all residents of the Town through the BellSouth telephone book | Charleston County Building Services | General Fund | Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability | 1 | Flood and hurricane protection information is included in the A T & T telephone book. |
| | PI | Continue providing hazard-related literature/information to citizens at Town offices | Town Administration | General Fund | Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; minimize future tornado-related loss of life; minimize future hurricane damage; minimize future terrorist activity incidents | 2 | On-going |
| | PI | Participate in “Hazard Awareness Week”. | Town Administration | General Fund | Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; minimize future tornado-related loss of life; minimize future hurricane damage; minimize future terrorist activity incidents | 2 | Posters for International Building Safety Week were on display at Charleston County Building Inspection Services offices during this week. Literature on importance of permits and codes was distributed at offices. |
| | PI | Continue providing speakers to civic groups regarding hazard related activities. Update the Speaker’s Bureau list as needed. | Charleston County Building Services | General Fund | Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability | 1 | Project Impact and the CARE project gave presentations to 24 groups (schools, civic, and professional groups) between April, 2009 and March, 2010. |

| | | | | | | | |
|--|----|---|---|--|---|---|--|
| | PI | Continue programs aimed towards providing resources to local schools to enhance their ability to educate students regarding hazard events and hazard event preparation. | Charleston County Building Services/ Project Impact partners | Grant Funding/ Project Impact resources | Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; establishing cooperative relationships between the public, private, and non-profit sectors to enhance preparedness and recovery for hazard events; reducing future flood damage, reducing vulnerability of infrastructure and built environment to natural and man-made hazards | 1 | Project Impact worked with schools on 8 activities between April, 2009 and March, 2010 (research projects, mini-grants, science fair awards, etc.) |
| | PI | Continue participating in hazard-related/product expos | Charleston County Building Services | General Fund | Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; establishing cooperative relationships between the public, private, and non-profit sectors to enhance preparedness and recovery for hazard events | 2 | Project Impact had information for distribution available at 15 expo-type events between April, 2009 and March, 2010. |

Additional Recommended Projects may be added to this project list as the Disaster Resistant Communities committees consider other projects and recommend these projects for implementation.

ACTION PLAN FOR THE TOWN OF LINCOLNVILLE, SC

Following are the proposed projects to be undertaken/continued in the Town of Lincolnvile for hazard mitigation during 2010-2011:

(Abbreviations for "Type" are as follows: "PA" is Preventive Activities, "PP" is Property Protection Activities, "NB" is Natural and Beneficial Functions/Resource Preservation Activities, "ES" is Emergency Services Activities, "SP" is Structural Projects Activities, and "PI" is Public Information Activities, "GIS" is Geographic Information Systems Activities.)

| Type | Activity | Lead Agency | Funding Source | Goal(s) addressed | Priority <i>(1 highest, 4 lowest)</i> |
|-------------|---|-------------------------------------|--|--|---|
| PA | Continue enforcement of the International series Building-related and Fire codes and the floodplain management regulations. | Building Inspections | General Fund | Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; protect the lives of our citizens from natural and man-made hazards | 1 |
| PA | Continue to provide coordination of County stormwater management regulations | Planning | General Fund | Minimize future flood damage; reduce existing flood damage; improve water quality; educating citizens regarding steps to take to reduce vulnerabilities; improve hazard resistance of infrastructure; reduce vulnerability of our infrastructure to natural and man-made hazards | 1 |
| PA | Continue enforcement of zoning regulations. | Planning, Town Administration | General Fund | Minimize future flood damage; preserve environmental resources; promote long-term economic prosperity; preserve open space; encourage recreational activities; minimize future hurricane damage; minimize future earthquake damage; protecting the lives of our citizens from natural and man-made hazards | 1 |
| PA | Conduct or co-sponsor training workshops regarding the International Building-related, flood, and Fire Prevention Codes and Regulations if there is interest in these workshops | Charleston County Building Services | General Fund/self-supporting through workshop revenues | Educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; improve hazard resistance of infrastructure; minimize hurricane damage | 1 |

| | | | | | |
|----|---|---|-----------------------------|--|---|
| PA | Continue providing information to citizens regarding the propane tank anchoring | Charleston County Building Services | General Fund/ Grant Funding | Educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; minimize future flood damage; minimize future earthquake damage | 2 |
| PA | Continue enforcing regulations requiring new manufactured homes brought into Charleston County to be constructed to wind zone 2 requirements as required per State law. | Building Inspections, Town Administration | General Fund | Minimize future hurricane damages; protecting lives of citizens from natural and man-made hazards | 1 |
| PA | Continue prohibiting new manufactured homes to be installed in "V" flood zones and requiring manufacture homes installed in "A" flood zones to be on permanent foundations. | Building Inspections, Town Administration | General Fund | Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; protecting lives of citizens from natural and man-made hazards. | 1 |
| PP | Promote the use of voluntary standards for single-family residences to exceed minimal building code requirements for wind and seismic design. | Building Inspections, Town Administration | General Fund/Grant Funding | Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; preserve environmental resources; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability | 2 |
| PP | Promote standards for existing homes to be retrofitted to that exceed minimal codes. | Building Inspections, Town Administration | General Fund/Grant Funding | Reduce existing flood damage; preserve environmental resources; minimize future hurricane damages; minimize future earthquake damages; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability | 2 |
| PP | Continue providing information to citizens regarding hazard safe interior rooms | Charleston County Building Services | General Fund | Minimize future tornado-related loss of life; Educating citizens regarding vulnerability to hazards and steps which may reduce vulnerability | 2 |
| PP | Distribute a brochure on protecting boats from damages during hurricanes to interested citizens through expos, offices, marinas, and boat dealers. | Charleston County Building Services | Grant Funding | Educating citizens regarding steps to take to reduce hazard vulnerability; minimize future hurricane damage; encourage recreational activities | 3 |

| | | | | | |
|----|--|---|-------------------------------------|---|---|
| PP | Distribute a brochure on protecting and preserving historic artifacts to interested citizens through expos, government offices, etc. | Charleston County Building Services | Grant Funding | Educating citizens regarding steps to take to reduce hazard vulnerability; preserve historic building inventory; minimize future flood damage | 2 |
| PP | Seek funding for retrofitting critical facilities to enhanced hazard resistance as needed if funding sources become available. | Town Administration | Grant Funding | Reduce vulnerability of infrastructure to natural and man-made hazards; minimize future hurricane damage; minimize future earthquake damage; reduce existing flood damage; preserve historic building inventory; promote long-term economic prosperity | 1 |
| NB | Continue enforcement of the tree protection/landscaping ordinance | Planning, Town Administration | General Fund | Preserve environmental resources; promote long-term economic prosperity; encourage recreational activities | 2 |
| NB | Continue maintaining permanent open space as parks | Parks and Recreation Commission | General Fund | Preserve environmental resources; promote long-term economic prosperity; encourage recreational activities; minimize future flood damages | 2 |
| NB | Continue to distribute literature on riparian buffer zones and hazard resistant landscaping to citizens through government offices and at expos. | Charleston County Building Services | Partner donations/ Grant Funding | Educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; minimize future flood damage; preserve environmental resources; improve water quality; improve hazard resistance of infrastructure; preserve open space; encourage recreational activities; minimize future hurricane damage | 2 |
| ES | Continue hazardous material training | Charleston County Hazardous Materials Coordinator | Enterprise Fund | Protecting lives of our citizens from man-made hazards; minimize future hazardous materials incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events. | 1 |

| | | | | | |
|----|---|--|---------------------------------|---|---|
| ES | Continue Terrorist Response Training | Charleston County Hazardous Materials Coordinator | General Fund | Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity. | 1 |
| ES | Continue coordinating Emergency Operations Center activities in the event of a hazard event | Charleston County Emergency Preparedness | General Fund | Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; promote long-term economic prosperity | 1 |
| ES | Continue responding to hazard emergencies | EMS, Fire Departments, Sheriff Department, Haz. Mat. Coordinator, Emergency Preparedness | General Fund Enterprise Fund | Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; preserve historic building inventory; promote long-term economic prosperity | 1 |
| ES | Continue to require construction practices for new Town-owned critical facilities that are sensitive to flood zone (e.g. avoiding "A" and "V" flood zones where feasible) and seismic considerations. | Town Administration | General Fund Bond Funding | Protecting lives of citizens from natural and man-made hazards; reducing vulnerability of infrastructure and built-environment to hazards; minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage | 1 |

| | | | | | |
|----|---|---|---|---|---|
| ES | Evaluate existing Town-owned facilities for hazard resistance and retrofit facilities if needed where feasible. | Town Administration | General Fund/ Grant Funding/ Bond Funding | Protecting lives of citizens from natural and man-made hazards; reducing vulnerability of infrastructure and built-environment to hazards; minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage | 1 |
| ES | Continue working to attain resources and to provide training for maritime fire fighting through the Maritime Incident Response Team (MIRT). | Charleston County Hazardous Materials Coordinator | Grant Funding | Protecting the lives of citizens from man-made hazards; Establishing cooperative relationships between the public, private, and non-profit sectors to enhance preparedness and response for hazard events; Minimize future hazardous materials incidents; minimize future terrorist activity incidents; promote long-term economic prosperity | 1 |
| ES | Continue coordinating the Anti- Terrorism Task Force of specially trained police, fire and EMS personnel to respond to terrorist acts. | Charleston County Hazardous Materials Coordinator | Grant Funding | Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity. | 1 |
| SP | Continue a drainage maintenance and canal cleaning program | Town Administration | General Fund | Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; improve water quality; improve hazard resistance of infrastructure; promote long-term economic prosperity | 1 |

| | | | | | |
|----|--|-------------------------------------|------------------------------------|--|---|
| SP | Continue utility right of way permitting, considering emergency vehicle access and flood zone related issues in permitting decisions | Town Administration | General Fund | Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; improve hazard resistance of infrastructure; promote long-term economic prosperity | 1 |
| SP | Continue the elevation reference mark inspection program | Town Administration | General Fund | Minimize future flood damage; Establishing cooperative relationships between public, private and non-profit sectors to enhance preparedness for hazards | 1 |
| SP | Continue to coordinate with Charleston County regarding design, permitting, and construction services for the drainage projects defined in Attachment VI-C | Town Administration | Grant Funding General Fund | Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; improve water quality; improve hazard resistance of infrastructure; promote long-term economic prosperity | 1 |
| SP | Continue the road repair/construction program, considering needs during evacuation and soil liquefaction potential in prioritization decisions | Charleston County Public Works | General Fund Grant Funding | Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future earthquake losses; improve hazard resistance of infrastructure; promote long-term economic prosperity | 1 |
| SP | Continue to distribute a generator safety brochure to interested generator retail outlets, utility companies and the general public | Charleston County Building Services | Partner donations/ General Fund | Protecting the lives of citizens from natural and man-made hazards; educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; improve hazard resistance of infrastructure; minimize future hurricane-related losses | 2 |
| PI | Provide hazard related information to all residents of the Town through the BellSouth telephone book | Charleston County Building Services | General Fund | Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability | 1 |

| | | | | | |
|----|---|--|---|---|---|
| PI | Continue providing hazard-related literature/information to citizens at Town offices | Town Administration | General Fund | Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; minimize future tornado-related loss of life; minimize future hurricane damage; minimize future terrorist activity incidents | 2 |
| PI | Participate in "Hazard Awareness Week". | Town Administration | General Fund | Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; minimize future tornado-related loss of life; minimize future hurricane damage; minimize future terrorist activity incidents | 2 |
| PI | Continue providing speakers to civic groups regarding hazard related activities. Update the Speaker's Bureau list as needed. | Charleston County Building Services | General Fund | Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability | 1 |
| PI | Continue programs aimed towards providing resources to local schools to enhance their ability to educate students regarding hazard events and hazard event preparation. | Charleston County Building Services/ Project Impact partners | Grant Funding/ Project Impact resources | Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; establishing cooperative relationships between the public, private, and non-profit sectors to enhance preparedness and recovery for hazard events; reducing future flood damage, reducing vulnerability of infrastructure and built environment to natural and man-made hazards | 1 |

| | | | | | |
|----|--|-------------------------------------|--------------|---|---|
| PI | Continue participating in hazard-related/product expos | Charleston County Building Services | General Fund | Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; establishing cooperative relationships between the public, private, and non-profit sectors to enhance preparedness and recovery for hazard events | 2 |
|----|--|-------------------------------------|--------------|---|---|

Additional Recommended Projects may be added to this project list as the Disaster Resistant Communities committees consider other projects and recommend these projects for implementation.
