

Town of Mount Pleasant

See File “Mt. Pleasant AR” for Adopting Resolution

BE IT FURTHER RESOLVED that the Charleston Regional Hazard Mitigation Project Committee is recognized as a continuing entity charged with reviewing, maintaining in accordance with Community Rating System, Flood Mitigation Assistance, and Disaster Mitigation Act requirements, and periodically reporting on the progress towards and revisions to the plan to the Mount Pleasant Council.

THIS RESOLUTION SHALL BE EFFECTIVE IMMEDIATELY UPON ITS ADOPTION.

SIGNED, SEALED AND DELIVERED THIS 10th DAY OF September, 2008.

Harry M. Hallman, Jr., Mayor
Town of Mount Pleasant

ATTEST:

Barbara A. Ashe
Clerk of Council
September 9th, 2008

APPROVED AS TO FORM:

R. Allen Young
Town Attorney

STATUS REPORT FOR THE TOWN OF MOUNT PLEASANT, SC

Following are the proposed projects undertaken/ continued in the Town of Mount Pleasant for hazard mitigation during 2010-2011 and their status as of June 2011:

(Abbreviations for "fl.,■" are as follows: "PA" is Preventive Activities, "PP" is Property Protection Activities, "NB" is Natural and Beneficial Functions/Resource Preservation Activities, "ES" is Emergency Services Activities, "SP" is Structural Projects Activities and "PI" is Public Information Activities, "GIS" is Geographic Information Systems Activities.)

Type	Activity	Lead Agency	Funding Source	Goal(s) addressed	Priority <i>(1 highest, 4 lowest)</i>	STATUS as of June 2011
PA	Continue to review and augment Town activities to improve Community Rating System rankings	Building Inspections	General Fund	Continue to seek opportunities to improve floodplain related activities; ordinances; and programs to help protect citizens from flood related hazards	1	Mount Pleasant attained a class _ Rating in the CRS in _____ Activities on-going
PA	Continue enforcement of the International series Building-related and Fire codes and the floodplain management (including the one foot freeboard) regulations.	Planning/ Public Services/ Fire Departments	General Fund	Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; protect the lives of our citizens from natural and man-made hazards	1	Ongoing Activity
PA	Continue to enforce stormwater management regulations	Public Services/ Planning Department	General Fund	Minimize future flood damage; reduce existing flood damage; improve water quality; educating citizens regarding steps to take to reduce vulnerabilities; improve hazard resistance of infrastructure; reduce vulnerability of our infrastructure to natural and man-made hazards	1	Ongoing Activity
PA	Continue enforcement of zoning regulations	Planning Department	General Fund	Minimize future flood damage; preserve environmental resources; promote long-term economic prosperity; preserve open space; encourage recreational activities; minimize future hurricane damage; minimize future earthquake damage; protecting the lives of our citizens from natural and man-made hazards	1	Ongoing Activity

PA	Participate in training workshops regarding the International Building-related, flood, and Fire Prevention Codes and Regulations if there is interest in these workshops	Building Inspections Fire Department	General Fund/self-supporting through workshop revenues	Educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; improve hazard resistance of infrastructure; minimize hurricane damage	1	Ongoing Activity
PA	Provide information to citizens regarding the propane tank anchoring	Building Inspections	General Fund/ Grant Funding	Educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; minimize future flood damage; minimize future earthquake damage	2	Ongoing Activity
PA	Continue enforcing ordinance requirements for the elevation and anchoring of manufactured homes	Building Inspections	General Fund	Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; protecting lives of citizens from natural and man-made hazards.	1	Ongoing Activity
PA	Continue enforcing regulations requiring new manufactured homes brought into Charleston County to be constructed to wind zone 2 requirements as required per State law.	Building Inspections	General Fund	Minimize future hurricane damages; protecting lives of citizens from natural and man-made hazards	1	Ongoing Activity
PP	Promote the use of voluntary standards for single-family residences to exceed minimal building code requirements for wind and seismic design.	Building Inspections	General Fund	Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; preserve environmental resources; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability	2	Ongoing Activity
PP	Continue energy conservation retrofitting of Town-owned facilities and infrastructure as resources are available.	All departments	General Fund Grant Funding	Improve air quality	2	Ongoing Activity
PP	Promote standards for existing homes to be retrofitted to that exceed minimal codes.	Building Inspections	General Fund	Reduce existing flood damage; preserve environmental resources; minimize future hurricane damages; minimize future earthquake damages; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability	2	Ongoing Activity
PP	Continue providing information to citizens regarding hazard safe interior rooms	Building Inspections	General Fund	Minimize future tornado-related loss of life; Educating citizens regarding vulnerability to hazards and steps which may reduce vulnerability	2	Ongoing Activity
PP	Seek funding for retrofitting, demolishing or relocating repetitively flooded properties if suitable candidates can be identified.	Public Services	Grant Funding	Reduce existing flood damage; minimize future flood damage; preserve historic building inventory; reducing vulnerability of built-environment to hazards	1	Met with DNR staff to discuss possible candidates and funding Ongoing Activity

PP	Continue demolishing structures posing a threat to public safety, considering location within the special flood hazard area as a prioritization factor.	Building Services	Grant Funding	Reduce existing flood damages; promote long-term economic prosperity; encourage recreational activities; minimize future hurricane damage; minimize future flood damage; reducing vulnerability of infrastructure to hazards	3	Ongoing Activity
PP	Distribute a brochure on protecting boats from damages during hurricanes to interested citizens	Public Services	Grant Funding	Educating citizens regarding steps to take to reduce hazard vulnerability; minimize future hurricane damage; encourage recreational activities	3	Ongoing Activity
PP	Distribute a brochure on protecting and preserving historic artifacts to interested citizens	Public Services	Grant Funding	Educating citizens regarding steps to take to reduce hazard vulnerability; preserve historic building inventory; minimize future flood damage	2	Ongoing Activity
PP	Seek funding for retrofitting critical facilities to enhanced hazard resistance, if funding sources become available.	Planning Department	Grant Funding	Reduce vulnerability of infrastructure to natural and man-made hazards; minimize future hurricane damage; minimize future earthquake damage; reduce existing flood damage; preserve historic building inventory; promote long-term economic prosperity	1	Ongoing Activity
NB	Continue enforcement of the tree protection/landscaping ordinance	Planning Department	General Fund	Preserve environmental resources; promote long-term economic prosperity; encourage recreational activities	2	Ongoing Activity
NB	Continue maintaining permanent open space as parks	Recreation Department/ Public Services Department	General Fund	Preserve environmental resources; promote long-term economic prosperity; encourage recreational activities; minimize future flood damages	2	Ongoing Activity
NB	Continue to distribute literature on riparian buffer zones and hazard resistant landscaping to citizens through government offices.	Public Services	Partner donations/ Grant Funding	Educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; minimize future flood damage; preserve environmental resources; improve water quality; improve hazard resistance of infrastructure; preserve open space; encourage recreational activities; minimize future hurricane damage	2	Ongoing Activity
ES	Continue hazardous material training	Fire Department Public Services Department Stormwater	General Fund/ Grant funding	Protecting lives of our citizens from man-made hazards; minimize future hazardous materials incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events.	1	Ongoing Activity

PA	Continue to provide coordination of local stormwater management regulations, and seeking funding sources for NPDES permit required activities	Planning Public Services	General Fund Enterprise Fund Special Revenue Fund	Minimize future flood damage; reduce existing flood damage; improve water quality; educating citizens regarding steps to take to reduce vulnerabilities; improve hazard resistance of infrastructure; reduce vulnerability of our infrastructure to natural and man-made hazards	1	Ongoing Activity
PA/SP	Develop and implement Illicit Discharge Detection Program to eliminate pollutant discharges into the storm drainage system. Includes staff training and spill responses in conjunction with NPDES program.	Public Services Planning Fire Department Police Department	General Fund Special revenue (stormwater Utility)	Minimize environmental damages caused by pollutant discharges; improve responses to hazardous spill events; improve and coordinate enforcement activities	1	Ongoing Activity
ES	Continue to obtain specialty equipment for HAZAMT fire fighting	Fire Department	Grant funding/ General Funds	Protecting lives of our citizens from man-made hazards; minimize future hazardous materials incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events.	1	Ongoing Activity
ES	Continue Specialized rescue and fire suppression training activities – confined space, high angle, and bridge rescue	Fire Department	General Fund/ Grant funding	Protecting lives of our citizens from man-made hazards; minimize future hazardous materials incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events.	1	Ongoing Activity
ES	Obtain specialty equipment such as breakers, power unit, a search cam, diamond chain saw, cut off saw, pump and associated equipment to perform special rescues for building collapses, trench rescues and other specialty rescues associated with earthquake and terrorism events	Fire Department	General Fund/ Grant funding	Protecting lives of citizens from man-made and natural hazard events.	1	Ongoing Activity
ES	Continue Terrorist Response Training	Police Department	General Fund/ Grant funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	1	Ongoing Activity

ES	Continue to seek funding and opportunities to provide safe shelter for residents and Town staff	General Government	Grant Funding/ General Fund	Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; promote long-term economic prosperity	1	Ongoing Activity
ES	Continue to improve hazard warning tools for communication between local government and residents	Police/ General Government	Grant funding/ General Fund	Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; promote long-term economic prosperity	1	Ongoing Activity
ES	Continue coordinating Emergency Operations Center activities in the event of a hazard event	General Government	General Fund	Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; promote long-term economic prosperity	1	Conducting EOC mock-drill in July 2011 Ongoing Activity
ES	Continue responding to hazard emergencies	Fire Department	General Fund	Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; preserve historic building inventory; promote long-term economic prosperity	1	Ongoing Activity
ES	Evaluate existing Town-owned facilities for hazard resistance and retrofit facilities or incorporate needs into new buildings if needed where feasible.	Building Inspections	General Fund/ Grant Funding	Protecting lives of citizens from natural and man-made hazards; reducing vulnerability of infrastructure and built-environment to hazards; minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage	1	Ongoing Activity
ES	Continue working to attain resources and to provide training for maritime fire fighting through the Marine Assistance Pact.	Fire Department	Grant Funding/ General Funds	Protecting the lives of citizens from man-made hazards; Establishing cooperative relationships between the public, private, and non-profit sectors to enhance preparedness and response for hazard events; Minimize future hazardous materials incidents; minimize future terrorist activity incidents; promote long-term economic prosperity	1	Ongoing Activity

ES	Continue coordinating the Anti-Terrorism Task Force of specially trained police, fire and EMS personnel to respond to terrorist acts. To include USAR team development and training.	Fire Department/ Police Department	Grant Funding	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	1	Ongoing Activity
ES	Promote the Community Emergency Response Training (CERT) program.	Emergency Preparedness	Grant Funding	Protecting lives of citizens from natural and man-made hazards, establishing cooperative relationships between the public, private and non-profit sectors to enhance preparedness and recovery for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce that vulnerability; minimize future terrorist activity incidents	2	Ongoing Activity
SP	Continue the drainage maintenance and canal cleaning program	Public Services/ Stormwater	General Fund	Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; improve water quality; improve hazard resistance of infrastructure; promote long-term economic prosperity	1	Ongoing Activity
SP	Continue utility right of way permitting, considering emergency vehicle access and flood zone and water quality related issues in permitting decisions	Transportation and Planning Department	General Fund	Protect the lives of our citizens from natural and man-made hazards; reduce existing flood damage; minimize future flood damage; protect water quality; improve hazard resistance of infrastructure; promote long-term economic prosperity	1	Ongoing Activity
SP	Continue to develop the elevation reference mark inspection program	Transportation Department	General Fund	Minimize future flood damage; Establishing cooperative relationships between public, private and non-profit sectors to enhance preparedness for hazards	1	Ongoing Activity
SP	Continue to provide design, permitting, and construction services for the drainage projects defined in Attachment VI-C	Public Services/ Stormwater	Grant Funding/ General Fund	Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; improve water quality; improve hazard resistance of infrastructure; promote long-term economic prosperity	1	Ongoing Activity
SP	Continue the road repair/construction program	Transportation Department	General Fund Grant Funding	Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future earthquake losses; improve hazard resistance of infrastructure; promote long-term economic prosperity	1	Ongoing Activity

SP	Continue to distribute a generator safety brochure to interested public	Public Services	Partner donations/ General Fund	Protecting the lives of citizens from natural and man-made hazards; educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; improve hazard resistance of infrastructure; minimize future hurricane-related losses	2	Ongoing Activity
SP	Support and sponsor placement of hurricane storm surge signs installed through Project Impact.	Public Services	Partner donations/ General Fund	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards	2	Ongoing Activity
PI	Provide hazard related information to all residents of Charleston County through the AT&T telephone book	Charleston County	General Fund	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	1	Ongoing Activity
PI	Develop and implement training programs for residents and businesses on protecting resources from environmental hazards. Provide educational programs at schools on hazards or environmental quality as opportunities arise.	Public Services	Special Funds	Protecting the lives of citizens from natural and man-made hazards that impact the environment; educating citizens regarding best management practices that can and should be undertaken to reduce hazards	1	Presented at sustainability symposium with Moultrie Middle School and hosted Lawn Mower Exchange - Ongoing Activity
PI	Continue providing hazard-related literature/information to include man-made and natural hazards to citizens at Town offices	Public Services	General Fund	Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; minimize future tornado-related loss of life; minimize future hurricane damage; minimize future terrorist activity incidents	2	Ongoing Activity
PI	Sponsor/ Support/ Promote Hazard Awareness Week with other area jurisdictions	General Government	General Fund	Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; minimize future tornado-related loss of life; minimize future hurricane damage; minimize future terrorist activity incidents	2	Ongoing Activity
PI	Recognize "International Building Safety Week" to promote safety in the built environment	Building Inspections	General Fund	Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	3	Ongoing Activity

PI	Continue providing speakers to civic groups regarding hazard related activities. Update the Speaker' s Bureau list as needed.	General Government	General Fund	Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	1	Effort is coordinated through Project Impact Ongoing Activity
ES	Obtain mobile command unit for disaster and other event use	Police Department	General Funds/ Grant Funding	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	1	
ES	Design and construct emergency response training facility	Fire Department	Grant Funding	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	2	Ongoing Activity
ES/ SP	Develop/ Receive Earthquake emergency response training program and plans	Police Department Fire Department Public Services	Grant funding General funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	2	Ongoing Activity
ES	Develop network of trained citizen volunteers for Neighborhood Captains Program	Fire Department	Grant funding General funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	2	Effort is coordinated with County CERT program
ES/ PP	Supply all programs with necessary tools/ educational materials/ training outreach	Police Department Fire Department Public Services	Grant funding General funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	3	Ongoing Activity
PA	Continue to update and modify hurricane response plan for Town area. Complete search and rescue grid maps and data	Fire Department/ Public Services	Grant funding General funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	3	Ongoing Activity

PP	Develop damage assessment teams, training program, and damage assessment maps	All departments	General Funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	2	Ongoing Activity
PP	Update and revise Flood Plain and Flood Zone Maps with SCDNR	Building Services Planning Department	Grant funding General funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	1	Ongoing Activity
PP	Continue Flap gate inspection and Cleaning Program	Public Services	Stormwater Funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	1	Ongoing Activity
PP	Continue sandbag program for residents	Public Services	General Funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	3	Ongoing Activity
PP	Continue to implement a GIS system to help analyze flood issues	Planning	Grant funding General funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	3	Initial field review of mapping data was completed in 2011. Ongoing Activity
PA	Participate in the standardized method of flood recording system developed by Project impact – provide information for GIS recording.	Public Services	Stormwater Funds General Funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	3	Ongoing activity

PI / PP/ NB	Continue storm drain marking program with citizen participation	Public Services	Grant funding General funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	3	Ongoing activity
PI, PA	Continue current outreach projects for CRS	Planning	General funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	1	Ongoing activity
PI	Continue development of WEB based hazard information outreach to residents	All Departments	Grant funding General funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	2	Web site information is updated as hazards arise. Incorporating into new Town web site. Activities ongoing.
PI, PP, SP, NB	Continue to work with Charleston County to support and , where possible directly participate, in the EPA CARE grant program	Public Service	General Funds, Stormwater Funds, Grant Funds	Protecting lives of our citizens from environmental hazards; preserve environmental resources; improve environmental impact of infrastructure; establishing cooperative relationships between public, private and non-profit sectors to enhance response to environmental events; promote long-term economic prosperity.	1	CARE grant ended in Dec. 2010. Other efforts with the County and other agencies are ongoing.
PI	Develop and distribute stormwater newsletter to all residents to inform of projects and flooding information	Public Services	Stormwater Funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	3	27,000+ newsletters were distributed in 2010. Activity ongoing

Additional Recommended Projects may be added to this project list as the Disaster Resistant Communities committees consider other projects and recommend these projects for implementation or as Town departments update project and priority listings.

ACTION PLAN FOR THE TOWN OF MOUNT PLEASANT, SC

Following are the proposed projects undertaken/ continued in the Town of Mount Pleasant for hazard mitigation during 2011-2012:

(Abbreviations for “fl.,■” are as follows: “PA” is Preventive Activities, “PP” is Property Protection Activities, “NB” is Natural and Beneficial Functions/Resource Preservation Activities, “ES” is Emergency Services Activities, “SP” is Structural Projects Activities and “PI” is Public Information Activities, “GIS” is Geographic Information Systems Activities.)

<i>Type</i>	<i>Activity</i>	<i>Lead Agency</i>	<i>Funding Source</i>	<i>Goal(s) addressed</i>	Priority <i>(1 highest, 4 lowest)</i>
PA	Continue to review and augment Town activities to improve Community Rating System rankings	Building Inspections	General Fund	Continue to seek opportunities to improve floodplain related activities; ordinances; and programs to help protect citizens from flood related hazards	1
PA	Continue enforcement of the International series Building-related and Fire codes and the floodplain management (including the one foot freeboard) regulations.	Planning/ Public Services/ Fire Departments	General Fund	Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; protect the lives of our citizens from natural and man-made hazards	1
PA	Continue to enforce stormwater management regulations	Public Services/ Planning Department	General Fund	<i>Minimize future flood damage; reduce existing flood damage; improve water quality;</i> educating citizens regarding steps to take to reduce vulnerabilities; improve hazard resistance of infrastructure; reduce vulnerability of our infrastructure to natural and man-made hazards	1
PA	Continue enforcement of zoning regulations	Planning Department	General Fund	Minimize future flood damage; preserve environmental resources; promote long-term economic prosperity; preserve open space; encourage recreational activities; minimize future hurricane damage; minimize future earthquake damage; protecting the lives of our citizens from natural and man-made hazards	1
PA	Participate in training workshops regarding the International Building-related, flood, and Fire Prevention Codes and Regulations if there is interest in these workshops	Building Inspections	General Fund/self-supporting through workshop revenues	Educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; improve hazard resistance of infrastructure; minimize hurricane damage	1

PA	Provide information to citizens regarding the propane tank anchoring	Building Inspections	General Fund/ Grant Funding	Educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; minimize future flood damage; minimize future earthquake damage	2
PA	Continue enforcing ordinance requirements for the elevation and anchoring of manufactured homes	Building Inspections	General Fund	Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; protecting lives of citizens from natural and man-made hazards.	1
PA	Continue enforcing regulations requiring new manufactured homes brought into Charleston County to be constructed to wind zone 2 requirements as required per State law.	Building Inspections	General Fund	Minimize future hurricane damages; protecting lives of citizens from natural and man-made hazards	1
PP	Promote the use of voluntary standards for single-family residences to exceed minimal building code requirements for wind and seismic design.	Building Inspections	General Fund	Minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage; preserve environmental resources; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability	2
PP	Continue energy conservation retrofitting of Town-owned facilities and infrastructure as resources are available.	All departments	General Fund Grant Funding	Improve air quality	2
PP	Promote standards for existing homes to be retrofitted to that exceed minimal codes.	Building Inspections	General Fund	Reduce existing flood damage; preserve environmental resources; minimize future hurricane damages; minimize future earthquake damages; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability	2
PP	Continue providing information to citizens regarding hazard safe interior rooms	Building Inspections	General Fund	Minimize future tornado-related loss of life; Educating citizens regarding vulnerability to hazards and steps which may reduce vulnerability	2
PP	Seek funding for retrofitting, demolishing or relocating repetitively flooded properties if suitable candidates can be identified.	Public Services	Grant Funding	Reduce existing flood damage; minimize future flood damage; preserve historic building inventory; reducing vulnerability of built-environment to hazards	1
PP	Continue demolishing structures posing a threat to public safety, considering location within the special flood hazard area as a prioritization factor.	Building Services	Grant Funding	Reduce existing flood damages; promote long-term economic prosperity; encourage recreational activities; minimize future hurricane damage; minimize future flood damage; reducing vulnerability of infrastructure to hazards	3

PP	Distribute a brochure on protecting boats from damages during hurricanes to interested citizens	Public Services	Grant Funding	Educating citizens regarding steps to take to reduce hazard vulnerability; minimize future hurricane damage; encourage recreational activities	3
PP	Distribute a brochure on protecting and preserving historic artifacts to interested citizens	Public Services	Grant Funding	Educating citizens regarding steps to take to reduce hazard vulnerability; preserve historic building inventory; minimize future flood damage	2
PP	Seek funding for retrofitting critical facilities to enhanced hazard resistance, if funding sources become available.	Planning Department	Grant Funding	Reduce vulnerability of infrastructure to natural and man-made hazards; minimize future hurricane damage; minimize future earthquake damage; reduce existing flood damage; preserve historic building inventory; promote long-term economic prosperity	1
NB	Continue enforcement of the tree protection/landscaping ordinance	Planning Department	General Fund	Preserve environmental resources; promote long-term economic prosperity; encourage recreational activities	2
NB	Continue maintaining permanent open space as parks	Recreation Department/ Public Services Department	General Fund	Preserve environmental resources; promote long-term economic prosperity; encourage recreational activities; minimize future flood damages	2
NB	Continue to distribute literature on riparian buffer zones and hazard resistant landscaping to citizens through government offices.	Public Services	Partner donations/ Grant Funding	Educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; minimize future flood damage; preserve environmental resources; improve water quality; improve hazard resistance of infrastructure; preserve open space; encourage recreational activities; minimize future hurricane damage	2
ES	Continue hazardous material training	Fire Department	General Fund/ Grant funding	Protecting lives of our citizens from man-made hazards; minimize future hazardous materials incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events.	1
PA	Continue to provide coordination of local stormwater management regulations, and seeking funding sources for NPDES permit required activities	Planning Public Services	General Fund Enterprise Fund Special Revenue Fund	Minimize future flood damage; reduce existing flood damage; improve water quality; educating citizens regarding steps to take to reduce vulnerabilities; improve hazard resistance of infrastructure; reduce vulnerability of our infrastructure to natural and man-made hazards	1

PA/ PI	Continue to develop and provide a comprehensive stormwater management outreach and participation program to enhance efforts at improving water quality through environmental educational activities.	Public Services	General Fund Special revenue (stormwater Utility)	Minimize future flood damage; reduce existing flood damage; improve water quality; educating citizens regarding steps to take to reduce vulnerabilities; improve hazard resistance of infrastructure; reduce vulnerability of our infrastructure to natural and man- made hazards	
PA/ SP, GIS	Develop and implement Illicit Discharge Detection Program to eliminate pollutant discharges into the storm drainage system. Includes staff training and spill responses in conjunction with NPDES program.	Public Services Planning Fire Department Police Department	General Fund Special revenue (stormwater Utility)	Minimize environmental damages caused by pollutant discharges; improve responses to hazardous spill events; improve and coordinate enforcement activities	1
ES	Continue to obtain specialty equipment for HAZAMT fire fighting	Fire Department	Grant funding/ General Funds	Protecting lives of our citizens from man-made hazards; minimize future hazardous materials incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events.	1
ES	Continue Specialized rescue and fire suppression training activities – confined space, high angle, and bridge rescue	Fire Department	General Fund/ Grant funding	Protecting lives of our citizens from man-made hazards; minimize future hazardous materials incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events.	1
ES	Obtain specialty equipment such as breakers, power unit, a search cam, diamond chain saw, cut off saw, pump and associated equipment to perform special rescues for building collapses, trench rescues and other specialty rescues associated with earthquake and terrorism events	Fire Department	General Fund/ Grant funding	Protecting lives of citizens from man-made and natural hazard events.	1
ES	Continue Terrorist Response Training	Police Department	General Fund/ Grant funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	1

ES	Continue to seek funding and opportunities to provide safe shelter for residents and Town staff	General Government	Grant Funding/ General Fund	Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; promote long-term economic prosperity	1
ES	Continue to improve hazard warning tools for communication between local government and residents	Police/ General Government	Grant funding/ General Fund	Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; promote long-term economic prosperity	1
ES	Continue coordinating Emergency Operations Center activities in the event of a hazard event	General Government	General Fund	Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; promote long-term economic prosperity	1
ES	Continue responding to hazard emergencies	Fire Department	General Fund	Protecting lives of citizens from natural and man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce vulnerability; preserve environmental resources; preserve historic building inventory; promote long-term economic prosperity	1
ES	Evaluate existing Town-owned facilities for hazard resistance and retrofit facilities or incorporate needs into new buildings if needed where feasible.	Building Inspections	General Fund/ Grant Funding	Protecting lives of citizens from natural and man-made hazards; reducing vulnerability of infrastructure and built-environment to hazards; minimize future flood damage; minimize future earthquake damage; minimize future hurricane damage	1

ES	Continue working to attain resources and to provide training for maritime fire fighting through the Marine Assistance Pact.	Fire Department	Grant Funding/ General Funds	Protecting the lives of citizens from man-made hazards; Establishing cooperative relationships between the public, private, and non-profit sectors to enhance preparedness and response for hazard events; Minimize future hazardous materials incidents; minimize future terrorist activity incidents; promote long-term economic prosperity	1
ES	Continue coordinating the Anti-Terrorism Task Force of specially trained police, fire and EMS personnel to respond to terrorist acts. To include USAR team development and training.	Fire Department/ Police Department	Grant Funding	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	1
ES	Promote the Community Emergency Response Training (CERT) program.	Emergency Preparedness	Grant Funding	Protecting lives of citizens from natural and man-made hazards, establishing cooperative relationships between the public, private and non-profit sectors to enhance preparedness and recovery for hazard events; educating citizens regarding vulnerability to hazards and steps to reduce that vulnerability; minimize future terrorist activity incidents	2
SP	Continue the drainage maintenance and canal cleaning program	Public Services/ Stormwater	General Fund	Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; improve water quality; improve hazard resistance of infrastructure; promote long-term economic prosperity	1
SP	Continue utility right of way permitting, considering emergency vehicle access and flood zone and water quality related issues in permitting decisions	Planning Department	General Fund	Protect the lives of our citizens from natural and man-made hazards; reduce existing flood damage; minimize future flood damage; protect water quality; improve hazard resistance of infrastructure; promote long-term economic prosperity	1
SP	Continue to develop the elevation reference mark inspection program	Planning Department	General Fund	Minimize future flood damage; Establishing cooperative relationships between public, private and non-profit sectors to enhance preparedness for hazards	1
SP	Continue to provide design, permitting, and construction services for the drainage projects defined in Attachment VI-C	Public Services/ Stormwater	Grant Funding/ General Fund	Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; improve water quality; improve hazard resistance of infrastructure; promote long-term economic prosperity	1

SP	Continue the road repair/construction program	Planning Department	General Fund Grant Funding	Protect the lives of our citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future earthquake losses; improve hazard resistance of infrastructure; promote long-term economic prosperity	1
SP	Continue to distribute a generator safety brochure to interested public	Public Services	Partner donations/ General Fund	Protecting the lives of citizens from natural and man-made hazards; educating citizens regarding vulnerability to natural hazards and steps to reduce vulnerability; improve hazard resistance of infrastructure; minimize future hurricane-related losses	2
SP	Support and sponsor placement of hurricane storm surge signs installed through Project Impact.	Public Services	Partner donations/ General Fund	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards	2
PI	Provide hazard related information to all residents of Charleston County through the AT&T telephone book	Charleston County	General Fund	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	1
PI	Develop and implement training programs for residents and businesses on protecting resources from environmental hazards. Provide educational programs at schools on hazards or environmental quality as opportunities arise.	Public Services	Special Funds	Protecting the lives of citizens from natural and man-made hazards that impact the environment; educating citizens regarding best management practices that can and should be undertaken to reduce hazards	1
PI	Continue providing hazard-related literature/information to include man-made and natural hazards to citizens at Town offices	Public Services	General Fund	Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; minimize future tornado-related loss of life; minimize future hurricane damage; minimize future terrorist activity incidents	2

PI	Sponsor/ Support/ Promote Hazard Awareness Week with other area jurisdictions	General Government	General Fund	Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability; minimize future flood damage; minimize future earthquake damage; minimize future tornado-related loss of life; minimize future hurricane damage; minimize future terrorist activity incidents	2
PI	Recognize “International Building Safety Week” to promote safety in the built environment	Building Inspections	General Fund	Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	3
PI	Continue providing speakers to civic groups regarding hazard related activities. Update the Speaker’ s Bureau list as needed.	General Government	General Fund	Protecting the lives of citizens from natural hazards; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	1
ES	Obtain mobile command unit for disaster and other event use	Police Department	General Funds/ Grant Funding	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	1
ES	Design and construct emergency response training facility	Fire Department	Grant Funding	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	2
ES/ SP	Develop/ Receive Earthquake emergency response training program and plans	Police Department Fire Department Public Services	Grant funding General funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	2
ES	Develop network of trained citizen volunteers for Neighborhood Captains Program	Fire Department	Grant funding General funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	2
ES/ PP	Supply all programs with necessary tools/ educational materials/ training outreach	Police Department Fire Department Public Services	Grant funding General funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	3

PA	Continue to update and modify hurricane response plan for Town area. Complete search and rescue grid maps and data	Fire Department/ Public Services	Grant funding General funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	3
PP	Develop damage assessment teams, training program, and damage assessment maps	All departments	General Funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	2
PP	Update and revise Flood Plain and Flood Zone Maps with SCDNR	Building Services Planning Department	Grant funding General funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	1
PP	Continue Flap gate inspection and Cleaning Program	Public Services	Stormwater Funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	1
PP	Continue sandbag program for residents	Public Services	General Funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	3
PP	Continue to implement a GIS system to help analyze flood issues	Planning	Grant funding General funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	3

PA	Participate in the standardized method of flood recording system developed by Project impact – provide information for GIS recording.	Public Services	Stormwater Funds General Funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	3
PI / PP/ NB	Continue storm drain marking program with citizen participation	Public Services	Grant funding General funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	3
PI, PA	Continue current outreach projects for CRS	Planning	General funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	1
PI	Continue development of WEB based hazard information outreach to residents	All Departments	Grant funding General funds	Protecting the lives of citizens from natural hazards; reduce existing flood damage; minimize future flood damage; minimize future hurricane damage; educating citizens regarding their vulnerability to natural hazards and steps to take to reduce vulnerability	2
PI, PP, SP, NB	Continue to work with Charleston County to support and , where possible directly participate, in the EPA CARE grant program	Public Service	General Funds, Stormwater Funds, Grant Funds	Protecting lives of our citizens from environmental hazards; preserve environmental resources; improve environmental impact of infrastructure; establishing cooperative relationships between public, private and non-profit sectors to enhance response to environmental events; promote long-term economic prosperity.	1

PI	Develop and distribute stormwater newsletter to all residents to inform of projects and flooding information	Public Services	Stormwater Funds	Protecting lives of our citizens from man-made hazards; minimize future terrorist activity incidents; preserve environmental resources; improve hazard resistance of infrastructure; assessing vulnerability to man-made hazards; establishing cooperative relationships between public, private and non-profit sectors to enhance response for hazard events; promote long-term economic prosperity.	3
----	--	-----------------	------------------	---	---

Additional Recommended Projects may be added to this project list as the Disaster Resistant Communities committees consider other projects and recommend these projects for implementation or as Town departments update project and priority listings.
