

Charleston County Non-Standard Road Program - Monthly Report

JUNE 2018

Produced by Public Works, Engineering Division

Background

On December 6, 2011 Charleston County Council rescinded the 1965 Community Road Program and approved amending the Charleston County Road Code to establish a new category of County public roads.

Consequently Charleston County Public Works Department's staff was directed to perform the necessary work to document and confirm the status of each road status in order to bring them into the County maintenance system or convert to private road status.

The following report outlines the time and detail of work over the past two years. This was a significant effort and amount of work, several more years of work ahead, as will be witnessed in this report.

The initial report is detailed and serves as a guide to walk you through the process staff used to accomplish Council's directives regarding the Charleston County Non-Standard Road Program.

Highlights, Color Code & Status

Color Code or Highlights - **Green (P)** indicates Public Road, **Blue (V)** indicates Private Road, **Orange (A)** indicates Annexed Road or no longer County maintained.

Status – **Annexed (A)**, roads annexed by municipalities and removed from County maintenance, **Private (V)**, due to overwhelming opposition from residents, staff reverts to “Private”, **Public (P)** Confirmed by staff as “Public”.

Please note: Each time the report is submitted there will be a status update for each affected road. Asterisk (*) will denote a change from the previous month’s report.

The date shown here will change each time the report is updated.

There will be monthly updates to this report shown in this column.

The minimum right-of-way width shall be the width of the traveled way plus 5 feet on either side of the road.

The length of each road varies and each roads length is based on historical maintenance records

The Council District 2004 represents what the old district alignment was prior to the 2010 Census count. The Council District 2012 is the current location by district.

Along with the "notes" column the "Status" will change monthly or as staff confirms "Public", "Private", or "Annexed".

A – Annexed, roads annexed by municipalities and taken from County maintenance
V - Private, due to overwhelming opposition from residents, staff reverts to "Private".
P - Public. Confirmed by staff as "Public".

Green (P) indicates Public Road, **Blue (V)** indicates Private Road, **Orange (A)** indicates Annexed Road or no longer County maintained..
