

PICK UP DAY CHANGE NOTIFICATION

REDUCE. REUSE. RECYCLE.

Recycling Route Change Notice for Stono Ferry Plantation and Red Top Area

Charleston County's Environmental Management Department is making a change to the recycling **pick up day** and **alternating pick up week** for residents currently receiving curbside dual stream recycling service located in the Stono Ferry Plantation and Red Top area.

"Due to recent growth on the existing route and surrounding areas, the Collections Department has reached capacity with regards to personnel and equipment on this particular route's service day," said Hal Crawford, Collections Manager for Charleston County Environmental Waste. "By making adjustments to this area's service day and pick up week, the Department will better utilize existing manpower and resources."

The new changes will impact residents' current service day and week of service. Postcards notifying affected residents of the changes will be mailed.

The **new pick up day goes into effect Wednesday, December 14th** and continues on a biweekly schedule. The last normal pick up day is the week prior on Tuesday, December 6th.

Affected subdivisions include:

- Hunt Club
- Stono Ferry
- Red Top
- Ponderosa
- Croghans Landing
- Chaplains Landing Area
- Jacobs Point

For more information on recycling, contact the Charleston County Environmental Management Department at (843) 720-7111 or visit recycle.charlestoncounty.org.

Charleston County Environmental Management encourages you to recycle and buy recycled products. Place your bins at the curb before 7 am. Please separate all paper items, such as: home office paper, mail, magazines, books, newspapers, paperboard (i.e. cereal boxes), flattened cardboard, from your glass, plastics #1- 7 and aluminum cans.
