Traffic Alert: Nighttime Lane Closures on Ashley Phosphate Road on Monday, Dec. 6

[Charleston County Government](#) advises the public of a nighttime lane closure on the [Palmetto Commerce Parkway, Phase II](#) project in North Charleston as follows:

- The closure will occur on Ashley Phosphate Road (S-10-75) at the North Spartan Road intersection on Monday, Dec. 6, between 9 p.m. and 6 a.m.
- Two lanes in one direction on Ashley Phosphate Road will be shut down, then two lanes in the other direction will be shut down to complete the remaining work.
- The lane closures are necessary to install mast arms and stop lights at the intersection.
- During the installation, trucks with lighted flashing arrow signs will be on site to warn drivers of the approaching lane closure.
- At no time will the entire roadway be shut down to traffic.
- Drivers should be aware of heavy construction equipment entering and exiting the project site at the existing Palmetto Commerce Parkway and at North Spartan Road off of Ashley Phosphate Road.
- If the weather is poor on this date, the work will be completed during the same timeframe on the next weather-permitting day.

The project is funded by the [Charleston County Transportation Sales Tax](#) and managed by Charleston County Government's RoadWise Program.

The public can get up-to-date project information, including construction status and traffic alerts, online at http://www.ccroadwise.org/palmetto_2.html.
