Recycle Your Christmas Tree and Other Tips to Lessen Your Environmental Impact this Season

Holiday recycling pickup schedule also announced

HOLIDAY RECYCLING VIDEO: <http://youtu.be/sd12YhbBDhw>

With the holidays approaching, [Charleston County's Environmental Management Department](#) encourages citizens to start a new family tradition by taking simple steps that lessen the environmental footprint during the holiday season and throughout the New Year.

Recycle your Christmas tree and greenery:

- Remember to remove all décor such as lights, tinsel, ornaments, etc.
- Some municipalities will pick them up curbside, or they can be taken to a convenience center. The trees picked up curbside are transported to the [Bees Ferry Compost Facility](#) to be ground and composted.
- Residents who drop off a tree at the Bees Ferry Compost Facility from January 2-9 will receive a free bag of compost.

All paper, including gift wrapping, cardboard and commingled products (plastics #1-7, glass containers and aluminum and steel cans) can also be recycled through the [curbside program](#) and at the numerous [drop-site locations and convenience centers](#) located throughout the county. The convenience centers [also accept](#) used motor oil and cooking oil, electronics, household hazardous materials, batteries, paint, compact fluorescent light bulbs (CFLs) and holiday light strands.

Note: Please flatten all cardboard boxes before placing in your recycling cart. If you have oversized boxes, please cut them down to 3 x 3 ft. to ensure they will fit in the recycling truck. Stack extra cardboard next to your recycling cart.

Other helpful tips for environmental awareness this holiday season:

Decorating

- If you buy a live tree, recycle it!
- Buy LED lights to reduce energy consumption and extend the lifespan of holiday lights.
- Decorate your tree with household items such as strings of popcorn and berries instead of tinsel.

Gift Giving

- Recycle all paper including gift wrap, tissue paper, gift bags, boxes and cardboard. If it tears, recycle it!
- Buy holiday cards printed on recycled paper. Wrap gifts in newspaper comics or wrapping paper made with recycled content.
- Avoid purchasing over-packaged items. Drop off packaging material such as Styrofoam peanuts and bubble wrap at your local shipping store; they will gladly reuse it.
- Remember to recycle outdated electronics if a new, replacement gadget is received.

Entertaining

- Use reusable cups, plates and utensils.
- Use cloth napkins and tablecloths instead of disposable ones.
- Recycle at your holiday party.

Cooking

- Compost food waste with yard clippings in a [backyard home composting program](#).
- Purchase only as much food as needed and be sure to store and prepare properly to avoid food waste generation. Not only will this reduce waste, but it will make your food dollars go further.
- Drop off your used cooking oil at one of Charleston County's nine staffed [convenience centers](#).

Charleston County Environmental Management Holiday Schedule:

- **Environmental Management Department**
 - Administrative Offices will be closed on Thursday, Dec. 24, Friday, Dec. 25 and Monday, December 28 in observance of the Christmas holiday and will re-open on Tuesday, Dec. 29.
