Charleston County Launches Recycle Coach App

Download that app for free: [iTunes Store](#) and [Google Play](#)

Charleston County Environmental Management is excited to launch a new interactive app to help residents reduce household waste and ensure they are recycling correctly. Recycle Coach is now available for download in the app store from any mobile device.

“Charleston County is excited to join the Recycle Coach network, which will transform how we communicate curbside recycling information to our residents. Beyond that, the platform includes engagement and educational tools to help people manage and correctly dispose of their waste,” said Environmental Management Committee Chairman Brantley Moody.

Residents can access Recycle Coach from their desktop computers and mobile devices. These platforms make it easy for residents to get local disposal information for thousands of household items whenever it’s needed. The Recycle Coach app is free to download and use.

With Recycle Coach, residents can:

- Stay organized with custom recycling curbside collection and events calendars.
- Receive recycling collection reminders and real-time updates on service disruptions.
- Become recycling experts with a comprehensive "What Goes Where?" search tool, including local disposal information and collection requirements for common and uncommon items.
- Use the problem-reporting tool, equipped with geolocation, to notify Charleston County’s Environmental Management department of issues like missed collections.

“Ultimately, the service takes the guesswork out of recycling, empowering residents to make smarter disposal decisions and take an active approach to reducing household waste. For Charleston County, this will translate into higher recycling rates and less contamination in our recycling stream—a win-win for everyone,” said Moody. “We built a brand-new state of the art recycling center to serve the area so that we can continue to preserve landfill space, but ultimately, it’s up to our residents to recycle correctly. I would encourage those who do recycle to check out this app.”

Become a better recycler today by downloading the Recycle Coach app for free at the [iTunes Store](#) and [Google Play](#).

About Recycle Coach

Recycle Coach is a technology company with deep roots in public and private waste management services. The company develops a comprehensive digital solution that optimizes collection, waste, and recycling programs. It connects residents with local disposal information on desktop, mobile, or through digital assistants.

Serving over 3,000 communities across the U.S., Canada, Australia, and New Zealand, Recycle Coach strives to make the world a greener place by making it easier for people to practice waste mindfulness.

In keeping with the Americans with Disabilities Act (ADA), those needing assistance should contact Charleston County at (843) 202-6917 during regular business hours.
