MESSAGE FROM THE DIRECTOR

Dear Organization Leader,

As the Charleston County Board of Elections and Voter Registration looks for new ways to serve, I am excited to announce an innovative opportunity that we are piloting here in Charleston County called Adopt a Polling Location. Through this program, non-partisan organizations “adopt” one of our polling locations by providing staff members to serve as poll workers on Election Day. You can earn money for a fundraising project or charity of your choice while our community members benefit from improved services when they head to the polls.

The Adopt a Polling Location program has seen great success in other states and, as part of our mission to continually evolve and better our work, we are excited to be the first county in South Carolina to pilot it. Through this program, we can empower organizations like yours to invest in our County while forming lasting relationships with valued community members.

We invite you to apply as one of our partners for the 2022-2023 election cycle. In this guide, you will find information on program benefits, requirements, and the application process. Please reach out to us at 843-744-8683 or at zburch@charlestoncounty.org with questions.

With your help, we will be a model for other counties in South Carolina, showcasing our dedication to the community. We are thankful for your continued support and look forward to partnering with you to serve our County.

Sincerely,

Isaac Cramer
Executive Director
Charleston County Board of Elections and Voter Registration

PROGRAM OVERVIEW

The Adopt a Polling Location program is a Charleston County Board of Elections and Voter Registration initiative where non-partisan organizations can partner with us to “adopt” a polling location by providing staff for one (or more) of our polling places. Rather than paying each staff member individually, we will write a single check to the organization. The funds can then be used to invest in efforts that improve our community.

This program has seen great success in states across the nation. We are the first county in South Carolina to offer this program, advancing our goal to pursue innovative and forward-thinking projects and programs that better serve Charleston County. Through Adopt a Polling Location programs, organizations in other states have funded scholarships, food bank donations, outreach projects, and more.

We are excited to provide an opportunity for local organizations to play a vital role in the election process while earning funding for meaningful causes in our community.

"It was a really neat experience learning how the democratic process works from behind the scenes"

Katie Schulz, SC Stingrays Marketing and Creative Services Manager

FREQUENTLY ASKED QUESTIONS

Can our organization adopt multiple polling locations?

Yes! We have over 100 polling locations across Charleston County; your organization is able to adopt as many locations as your staff can support.

Will there be positions for people with differing abilities?

We have a variety of roles available at each polling location including greeters, check-in staff, and traffic monitors. Some positions may require computer literacy or standing for long periods of time while others can be done while sitting and do not require staff to use computers, tablets, or phones.

How will breaks be handled?

Team members can receive a 30-minute lunch break and two 15-minute breaks, dependent on staffing levels and voter turnout. We encourage teams to bring food and drinks that do not require refrigeration as we cannot guarantee that you will have access to a fridge or cooler on-site.

What should we wear?

We aim to build trust and confidence in our elections. Poll workers working indoors should plan to wear business casual attire with shoes that they can comfortably wear for 12-14 hours. Your team is welcome to wear branded items that represent your organization. Workers should avoid wearing clothing with political slogans, logos, or any reference to a candidate, party, or position.

How do we apply?

Your organization can apply by:

- Submitting the attached program application via mail or email
- Filling out an electronic application at chsvotes.gov
