**Mission**

We will promote and protect the quality of life in Charleston County by delivering service of value to the community.

**Values**

*Trust is essential* - We value trust as the essential building block for all successful relationships.

*Commitment brings success* - We are committed to taking personal responsibility and action to ensure mission success.

*Communication is open and ongoing* - We engage in a complete and ongoing exchange of information to ensure the stated goals and objectives are understood by all.

*We are a versatile workforce* - We willingly create and apply new methods to meet and overcome emerging challenges from a diverse community.

*We are accountable for our actions* - We accept responsibility for our actions, and we evaluate others’ actions fairly.

*We work as a team* - To accomplish our goals, we work together as members of a team, each accountable to himself, to his coworkers, and to the community.

*We value safety and security* - We share accountability for the health and well-being of our employees and the community we serve.

*Diversity (the respect and understanding of the integrity and worth of all people, lifestyles and cultures) is a key to the success of Charleston County* - To provide effective government services in an increasingly demanding and diverse environment, the County is committed to eliminating the physical, attitudinal, and organizational obstacles that prevent individuals, businesses, and organizations from contributing to the future success of the County.

*Customer Service Excellence* – Our internal (coworkers) and external (citizens) customers are at the heart of all that we do. We are committed to demonstrating professionalism, timeliness, empathy, competency, reliability, and responsiveness to accomplish the Charleston County Mission.

- Direct contact with County Council, the County Administrator, and Staff

II. County Council
- Policy Direction

III. Proposed Budget

IV. Public Hearings
- Citizens’ Comments

V. Adopted Budget
The Mission and Values of the County begin with concern for each and every citizen. The **County Mission Statement** answers the question, “Why do we exist and for whom.” The County wants to articulate its existence and ensure that everyone has the same understanding of its purpose. The eight **County Values** express the core principles by which the County operates daily. The **County Goals** are comprised of five **Initiatives** developed to set the direction for the County departments/divisions in fulfilling the mission and maintaining value in daily activities.

**Initiatives** refer to the five County goals that set the direction of departments in fulfilling the mission and values of Charleston County.

- **Initiative I: Service Delivery** - Provide a level of service that the customer recognizes as high in quality and value.
- **Initiative II: Human Resources & Resource Management** - Develop and maintain a flexible organization that is knowledgeable, productive and committed.
- **Initiative III: Long-Term Financial Planning** - Ensure sound fiscal long-term planning.
- **Initiative IV: Workflow Analysis-Process Management** - Ensure all new and existing processes and workflow are reviewed for efficiency of resources and utilized funding.
- **Initiative V: Quality Control** - Track progress of county development and use the information to make educated decisions for the future of the County.

**Department Goals** state accomplishments required in order to fulfill the mission and serve our citizens. The **Objectives** specify well-defined and measurable terms that can be reached within an achievable time frame. The **Measures** enable the reader to determine the objective accomplished through delivery of products, services, or processes. The four types of measures recognized by the Governmental Accounting Standards Board (GASB) and the Government Finance Officers Association (GFOA) are input measures, output measures, efficiency measures, and outcome measures. Input measures represent the resources available to provide services or the level of service or number of activities/items the department is expected to service. Output measures represent work or activities undertaken in providing services. Efficiency measures are a useful indicator of the cost-effectiveness of a program or service. Finally, outcome measures provide program results in a numeric format (i.e., measures of timeliness and effectiveness of programs) and report the quality of service being provided. The **Action Steps** highlight short-term and long-term projects for departments and are used as the method of accomplishing the goals.

**Performance Measures Results** for each **County Initiative** are listed on pages 24-27. **Department Goals, Objectives, Measures** and **Action Steps** can be found in the individual department/division narratives, where the reader of this document will be able to cross reference a Departmental Goal to one of the County Initiatives.
Mobile COVID-19 Testing

Charleston County’s Public Safety Directorate and Fetter Health Care tested more than 2,000 citizens for COVID-19. “Since the onset of our partnership with Fetter Health Care Network, the goal was to reach as many people as possible in Charleston County.”

~Eric Watson
Deputy County Administrator of Public Safety

“We are all working to adapt to an ever-changing situation, and being patient and vigilant as we go down a path of uncertainty.”

William L. Tuten
Charleston County Administrator

Fire Truck and Supplies Head to the Bahamas

The City of Charleston announced plans to send a fire truck, along with generators, hoses, nozzles, saws, and other life saving equipment donated by the Awendaw Fire Department to the Bahamas. The Island was devastated during Hurricane Dorian.

New Home for the Holidays

Charleston County Community Development, in partnership between Palmetto Community Action Partnership and the City of North Charleston, assisted in getting a local family a home for the holidays. “It’s incredible to watch this deserving family take ownership of their new home right in time for the holidays.”

~Jean Sullivan
Director of Community Development

---

Charleston County seeks to forge partnerships that uplift the community and our environment in many different ways. Below are a few of the partnerships Charleston County has taken on this year.

County Council allocated $150,000 for the Community Investment Fund. Local non-profit organizations will apply to receive funding from this allocation to assist with providing social service programs to the community.
Here are just a few more of the many partners the County works with to provide services to the community.

- Citadel Military College ~ Charleston County
  Citadel cadets for the annual Citadel Leadership Day at the Emergency Services Building. Cadets spent the day at organizations across the Charleston area that work to make our community a better place.

- Trident United Way’s Day of Caring ~ Charleston County staff participate annually in the Tri-County community event.

- Habitat for Humanity ~ Twice a year staff volunteer to build housing for low income families.

- Student Government Day ~ Students from Baptist Hill High School spent the day learning about various County Operations.

High-Performance CPR Training

North Charleston Fire Department released their life saving cardiac numbers and credited their partnership with Charleston County EMS for helping save lives. “A firefighter’s mission is to save a life, and High-Performance CPR along with a strong partnership with Charleston County EMS is making that happen more often.”

-Fire Chief Greg Bulanow
North Charleston Fire Department
Initiative I: Service Delivery

Community Outreach

The Charleston County Library formed a new Outreach Department to provide equitable access to library programming, materials, technology, and services to patrons outside the Public Library facilities, with a focused effort on reaching the vulnerable population of Charleston County. Outreach goals include the following:

- Reach unserved or underserved citizens due to physical, economic, social, cultural, geographic or other barriers.
- Develop and strengthen relationships in populations where library use may be otherwise minimal or nonexistent.

Elections & Voter Registration

Improving Voter Experience

- LiveChat feature for voters.
- Piloted Ballot Scout for tracking absentee ballots.
- First ballot drop box for voters in Charleston County.
- Virtual training due to COVID-19.
- Outreach Packets that explained registering, requesting absentee ballots, and voting.

8:59 minutes

Average Response Time for County EMS (national average is 12 to 15 minutes)

In response to COVID-19, the Charleston Center added the following services:

- Telehealth services to citizens, reducing transportation and childcare barriers.
- Additional telephonic services were added.
- Participate in Project SC HOPES, a statewide help line to assist citizens negatively affected by COVID-19 in accessing services.

32

Well/septic upgrades or connections were provided to Households in rural Charleston for access to clean water and/or sewer.

49

Substandard houses repaired and rehabilitated in partnership with local non-profit groups.

The County partners with the City of North Charleston to manage U.S. Housing and Urban Development (HUD) funds. This funding provides clean, suitable and decent living conditions for the area's low-to-moderate income populations.
PERFORMANCE MEASURES RESULTS

Initiative II: Human Resources and Resource Management

Human Resources rolled out the NEOGOV applicant tracking system.

Benefits for Applicants:
- Ability to create and store multiple application versions that can be edited for future use.
- Automatic Updates—Applicants will receive on screen and email notifications EACH time they apply for a position.
- Applicants can also submit job interest cards to receive alerts when new positions have been posted.

Benefits for Hiring Departments/Offices:
- Expedited access to applicant’s applications and resumes.

Initiative III: Long-Term Financial Planning

Number of years Charleston County has maintained the highest financial rating a government can achieve from the financial rating agencies.
Initiative IV: Workflow Analysis & Process Management

In the ongoing effort to provide better service to the community, the Charleston County Consolidated Dispatch Center announced it will replace its on-premise computer-aided dispatch (CAD) system with Rapid Deploy’s cloud-based Nimbus CAD in an effort to enhance the center’s informational capabilities while lowering costs during the next five years. Benefits are the following:

- Call-takers and dispatchers can readily access helpful information using cloud-based storage.
- User-based system allows internet connection on laptops, tablets, and phones.
- Waze, the GPS-based navigation application incorporates live-time traffic into response plans for choosing better routes for faster and better service.

Initiative V: Quality Control

Virtual Technology

Charleston County is using technology to complete major transportation projects. Virtual reality uses computer technology to create a simulated, three-dimensional world that a user can manipulate and explore. Augmented reality is an enhanced version of reality created by overlaying digital information on a real-world image. This technology allows Charleston County Transportation Development staff to step into a simulated version of an intersection project and “drive” the proposed traffic patterns to better answer how infrastructure projects will look and how they will improve commute times.

Charleston County’s Criminal Justice Coordinating Council (CJCC) joined the White House’s Data Driven Justice initiative to implement reforms to safely reduce the jail population and create a more effective local criminal justice system. This national initiative is a bipartisan coalition of 67 communities – the only one in South Carolina - who have committed to using data-driven strategies to provide alternatives to jail for low-level offenders with mental health and substance use disorders and to enhance the pretrial process.
