

Attention Elementary School Teachers and Principals!!!

Is your elementary school in Charleston, Berkeley, or Dorchester County?

Are your Fourth and Fifth grade students up to a **challenge**??

Would your students like to win **recognition** ribbons for their knowledge??

...then Project Impact has an assembly offering for you!!!

Project Impact will come to your school to present an assembly with a panel of “brainiacs” to challenge your students in answering questions on weather and hazard-related and environmental themes.

We often have local TV personalities host our “**Beat the Brainiacs**” game show-type assemblies!!

If you are interested in scheduling an assembly for your school, call or e-mail Cindy Cahill with Project Impact at 843-202-6940 or ccahill@charlestoncounty.org
