***2018 - 2019 Application for Project Impact
STOMP (Schools Teaming with Outreach Mitigation Projects) Award***

In order to enable and enrich elementary and middle school education, the *Charleston Area Project Impact Initiative* is offering a STOMP (Schools Teaming with Outreach Mitigation Projects) award program to Berkeley, Charleston, and Dorchester County elementary and middle schools, not to exceed \$500 per selected applicant. The program is being made available to encourage the innovative use of art, music, theatre, or hands-on activities with students in area schools to educate about the types of hazard events we face in the South Carolina Lowcountry, and ways to minimize losses associated with these types of events. We are also awarding funds for projects that educate on environmental awareness and protection. Our Project Impact committee will review applications received and select from those the project(s) to be selected for the STOMP award program. We anticipate selecting several awardees dependent upon the applications received. Previous award recipients may apply again this year. We anticipate the STOMP award notification(s) sent to the selected applicant(s) by **January 8, 2019**.

To be eligible for the Project Impact STOMP Award:

- Complete an application demonstrating that the project will be used to improve elementary or middle school education with a hazard-related or environmental quality theme.
- Show how your project complements the goals and objectives of Project Impact.

Project Impact Goals and Objectives:

- Prepare and protect yourself and our community from hazards events.
- Some examples of hazard events include: earthquakes, hurricanes, tornadoes, fires/wildfires, floods, severe weather and heat.
- Reduce air and water pollution in our community through action, education, and outreach.
- Examples of environmental issues: marine pollution, open burning, stormwater, vehicle idling, transportation, landscaping and hazardous materials.

Award Requirements:

- STOMP application due by **5:00 pm, Thursday, December 20, 2018**.
- Final project presentation and/or report, pictures or video due by **Friday, May 17, 2019** (or earlier).
- Notify STOMP coordinator of when and where the final event or activity will be presented; there may be an opportunity to film the event.
- Submit original receipts for final expenditures for reimbursement and vendor form on or before **May 1, 2018**.

Deadline for STOMP Applications: 5:00 pm, December 20, 2018

Approximate STOMP Notification Date: January 8, 2019

Final Reimbursement receipts due: on or before May 1, 2019

Project Due Date: on or before May 17, 2019
