

DRAFT

PLEASE NOTE: THIS PLAN IS A DRAFT ONLY. FUNDING RECOMMENDATIONS ARE NOT YET FINALIZED.

STARTING MARCH 5, 2022, A DRAFT PLAN WILL BE AVAILABLE FOR REVIEW ONLINE. WRITTEN COMMENTS ON THE DRAFT PLAN SHOULD BE ADDRESSED TO: CHELSEA DIEDRICH, PROGRAM ADMINISTRATOR, CHARLESTON COUNTY COMMUNITY DEVELOPMENT DEPARTMENT AT CDIEDRICH@CHARLESTONCOUNTY.ORG. THE DEADLINE FOR RECEIPT OF WRITTEN COMMENTS IS APRIL 19, 2022. TELEPHONE (843) 202-6970. THE PLAN WILL BE SUBMITTED TO THE U.S. DEPARTMENT OF HOUSING & URBAN DEVELOPMENT ON OR AROUND MAY 15, 2022.

Annual Action Plan - Program Year 2022

Community Development Department

Jean Sullivan, Director

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Each year Charleston County submits an Action Plan explaining how the U.S. Department of Urban Development (HUD) resources will be used to improve communities throughout the County (excluding areas under the City of Charleston's jurisdictions). This is an annual implementation plan of the Five-Year Consolidated Plan addressing the housing and community development needs in Charleston County. The needs and goals were identified through collaboration with participating jurisdictions and other public and private organizations. The goals of the Consolidated Plan and Annual Action Plan are targeted to low-to-moderate income residents and households in Charleston County.

This is the County's second and Annual Action Plan from the 2021-2025 Consolidated Plan. It identifies activities that the County will undertake in the 2022-2023 Program Year to address priority needs in the community. The Plan describes the resources available, the programs and projects to be funded, and the proposed accomplishments.

The Action Plan, developed with the input of citizens serves four major functions:

1. *It is the County's application for funds available through the three HUD Formula Programs: Community Development Block Grant (CDBG), Home Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG);*
2. *It is the annual planning document, built through public input and participation, and an open Request For Application (RFA) process;*
3. *It lays out expected annual funding resources, the method of fund distribution, and the actions the County will follow in administering HUD Programs; and,*
4. *It provides accountability to citizens for the use of the funds and allows HUD to measure program performance.*

2. Summarize the objectives and outcomes identified in the Plan

Throughout the Consolidated planning process, Charleston County identified four priority needs:

1. Affordable Housing and Suitable Living Options;
2. Building Self-Sufficiency & Sustainability;
3. Infrastructure + Community Improvements; and
4. Homeless Needs.

To meet those needs, the County is planning to achieve the following goals and outcomes over the next year:

- Well and Septic Improvements – Assist 30 LMI Households
- Infrastructure Improvement (sidewalks) – Access to 2100 individuals; 3,300 linear feet
- Rehabilitation (vacant units to rent) – Rehabilitate 5 units for LMI households
- New Housing Construction (rental and sales) – Add 5 new housing units for LMI households
- Emergency Rehabilitation – Repair 46 housing units for LMI households
- Direct Services to the LMI Community – Provide services to over 2,500 LMI persons
- Action on Homelessness – Shelter for 194 homeless persons and rapid re-housing for 4 households

3. Evaluation of past performance

The following represents outcomes reported in the County's first year of the 2021-2025 Consolidated Plan submitted and accepted by HUD in May, 2021. Thus far, Charleston County has accomplished the following through its partnering agencies:

- Constructed 2 new units
- Rehabilitated 4 vacant units and 4 owner-occupied units
- Repaired 53 owner-occupied units
- Provided upgrades or maintenance to 51 well/septic systems
- Completed sidewalks in 3 LMI neighborhoods
- Connected 14 households to water/sewer lines
- Demolished 3 structures that had been unfit for habitation
- Assisted over 2,000 people through public service projects
- Rapidly rehoused over 17 individuals experiencing homelessness
- Sheltered over 133 individuals experiencing homelessness

4. Summary of Citizen Participation Process and consultation process

A sequence of public hearings/meetings were held in 2021 to discuss the preparation of the 2022- 2023 Annual Action Plan, to answer resident questions, and to seek public input. Comments and feedback from citizens were consistently encouraged throughout the entire planning process. In addition, two hearings

about the annual action plan will be held March 23, 2022 (City of North Charleston Council) and April 5, 2022 (Charleston County Council). The public comment period will be held for 30 days from April 5, 2022. See Appendices A and B, which includes a summary of public hearing times/dates as well as public comments received.

5. Summary of public comments

See Appendix A for summary of public comments.

6. Summary of comments or views not accepted and the reasons for not accepting them

N/A

7. Summary

Charleston County's community development programs seek to develop viable communities by providing affordable housing, a suitable living environment, and expanded economic opportunities. The Annual Action Plan enables Charleston County to examine the housing and community development needs of the county and to develop programs that effectively utilize the resources available to address these needs and improve the quality of life for low and moderate income residents.

PR-05 Lead & Responsible Agencies – 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
Lead Agency	CHARLESTON COUNTY	
CDBG Administrator	CHARLESTON COUNTY	Community Development Department
HOPWA Administrator		
HOME Administrator	CHARLESTON COUNTY	Community Development Department
ESG Administrator	CHARLESTON COUNTY	Community Development Department
HOPWA-C Administrator		

Table 1 – Responsible Agencies

Narrative (optional)

Charleston County’s Community Development Department administers the Community Development Block Grant (CDBG), Home Investment Partnerships Program (HOME) and Emergency Solutions Grant (ESG) for Charleston County and is designated as the lead entity responsible for overseeing the development of the county’s Consolidated Plan. However, preparation and development of the plan required input from numerous individuals, municipalities, agencies and organizations throughout the county.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

Charleston County is engaged in ongoing efforts to increase coordination amongst the complex network of public, private, and nonprofit organizations that deliver housing and social services to the community. As the administrators of HUD's CDBG, HOME, and HESG programs, the County's Community Development Department acts as a hub for community and economic development in the area. Open lines of communication are maintained between County and the area's many non-profit and social service agencies.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

Charleston County staff is readily accessible and present at all County Council meetings to hear public comments on various public items on Council's agenda. Community Development staff is actively engaged in discussions and initiatives related to affordable housing; fair housing; Lowcountry Continuum of Care (CoC) meetings and discussions; and Planning and Zoning coordination. County staff regularly attends Charleston County Housing and Development Authority (CCHRA) Board meetings and contracts CCHRA to receive input on community development plans and activities.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The CoC plans, develops, and implements comprehensive and coordinated strategies to address homelessness in Beaufort, Berkeley, Charleston, Colleton, Dorchester, Hampton, and Jasper Counties in South Carolina. A departmental staff person is also on the Governing Council for the local CoC. Responsibilities of the CoC include:

- Conduct planning activities for the CoC, including setting strategic priorities;
- Operate a Coordinated Entry System (CES);
- Conduct the HUD-required Point in Time (PIT) County; and
- Establish and follow written standards for providing assistance with HUD funds.

The entry points include all emergency shelters, street outreach teams, and the housing crisis phone line. These entry points are announced throughout the community using local media and community partners. Most people access coordinated entry through the housing crisis line. They assess all households engaged through outreach and/or who seek housing assistance to determine their level of vulnerability and appropriateness for housing interventions. The CES is advertised and participated in by service providers in the service area and by the housing crisis line, a human services information call center. All federally funded housing services within the CoC are prioritized based upon vulnerability.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Charleston County is one of two HESG recipients in the CoC’s geographic area. Lowcountry Continuum of Care, the area CoC, uses HMIS data to identify the most succession interventions. Lowcountry CoC assisted in establishing these two funding priorities for 2022:

- Shelter Operations
- Rapid Re-housing

The CoC collaborates with the other South Carolina CoCs and the South Carolina Office of Economic Opportunity (OEO) to establish state-wide HESG priorities, performance measures, HMIS data collection standards, and evaluation methods. The CoC provides HESG data for the County’s CAPER. HMIS data is review monthly by individual providers with the HMIS System Administrator providing training. CoC Committees evaluate the performance of renewal projects in the following area, as captured in HMIS: data quality, client exits to permanent housing, length of time in homelessness, exits with earned income and income from all sources, occupancy rate, and recidivism rate. Project performance is evaluated in comparison to the CoC’s performance objectives in each of these categories. New and renewal applicants are evaluated on:

- General agency capacity;
- Experience managing federal grants;
- Review of monitoring visits;
- Review of financial audits;
- Timely payment of CoC administrative fees;
- PIT count participation;
- CoC participation;
- Adequate staffing and facilities; and
- Use of best/evidence-based practices.

Projects that serve clients with more barriers to housing are acknowledged and evaluated relative to their target populations. Only CoC endorsed applications are considered for funding by the County HESG program.

Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process + efforts made to broaden citizen participation

Citizen participation is a critical part of the planning process. Citizens are encouraged to participate in all phases of the CDBG, HOME, and HESG programs and are provided full access to program information.

The County’s Community Development Department conducts public hearings during the course of a year for the purpose of providing information on community programs to County residents and to receive comments from citizens regarding program activities. At a minimum, hearings are conducted to obtain citizen’s views on community development needs, prior to developing funding policies and to receive citizen’s comments on proposed activities, prior to final funding decisions being made. Hearings are conducted at locations other than the County Council meeting chambers, to make them more convenient to residents, and hence increase the likelihood of citizen participation for those low-to-moderate income residents where housing and community development funds may be spent. At least once per year, generally scheduled to coincide with each year’s annual HUD allocation, a public hearing or meeting is held in the participating jurisdictions (at the request of the jurisdictions). A sequence of public meetings was held in 2021-2022 to discuss the preparation of the 2022 - 2023 Annual Action Plan, to answer resident questions, and to seek public input. Comments and feedback from citizens are consistently encouraged (public comments are located in Appendix A).

Citizen Participation Outreach

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state, and local funds), including a description of how matching requirements will be satisfied

Match/leveraged funds are satisfied in each project by the Subrecipient documenting their matching funds in the monthly/quarterly reporting system, or when they ask for reimbursement for the activity that they were funded. In addition, County staff monitors each Subrecipient on an annual basis at a minimum. Staff reviews each file's documentation and requests a copy of their audit to make sure there were no findings. Staff provides technical assistance where needed to all Subrecipients.

All HOME projects are expected to provide a leveraging match of at least 25% of the total HOME funds awarded. The match funds must be from non-federal sources (unless the federal source allows the match) and be permanently committed to a HOME-assisted or eligible project. Eligible match includes cash, donated land, donated labor, percentage of bond financing, direct costs of supportive services and homebuyer counseling. Subrecipients are expected to provide proof of match either with their application, or prior to the release of HOME funds for the project. The County reserves the right to use accumulated match in extenuating circumstances.

All ESG projects must follow the matching requirements outlined in 24 CFR 576.201. Although the regulations detail the requirements, some of the rules are as follows: The recipient must make matching contributions to supplement the recipient's ESG program in an amount that equals the amount of ESG funds provided by HUD. Contributions used to match a previous ESG grant may not be used to match a subsequent ESG grant. The matching requirement may be met by one or both of the following: cash or noncash contributions (noncash contributions must be calculated according to the rules outlined in 24 CFR 576.201).

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The County's Community Development Department located as 5010 Lawyers Lane in North Charleston acts as a hub for administering the CDBG, HOME, and HESG programs. The County's Public Services Building at 4045 Bridge View Drive in North Charleston provides a meeting place for hearings and meetings to discuss plan goals.

Discussion

CDBG funds will be allocated for the administration of the program, Fair Housing activities, programs and services benefiting the public, community revitalization and other eligible activities. HOME funds will be used to support administration of the program, the development and revitalization of housing for low to moderate income individuals and families, and other activities related to creating suitable living environments. ESG funds will be used to provide homeless management information system (HMIS)

technical assistance, rapid re-housing, and shelter operations.

The Town of Hollywood returned \$221,024 in HOME funds awarded to them in PY19 and a total of \$13,779 in CDBG funds were left over from the PY21 allocation. These returned funds are included in the Prior Year Resources for CDBG.

Table 6 – Goals Summary

Goal Descriptions

1	Goal Name	New Housing Construction (Rental and Sales)
	Goal Description	The County will continue to support the construction of affordable housing (sales and rental) throughout the jurisdiction.
2	Goal Name	Rehabilitation (vacant units to sell or rent)
	Goal Description	A priority for the County and its partners is to promote the availability of decent housing by rehabilitating housing units to rent to LMI households.
3	Goal Name	Well and Septic Improvements
	Goal Description	Upgrading failing wells and septic systems or connecting LMI households to existing infrastructure
4	Goal Name	Emergency Rehabilitation
	Goal Description	Emergency housing repairs occupied by LMI households.
5	Goal Name	Direct Services to the LMI Community
	Goal Description	Provide public services such as training/education, health services, elderly services, neglected and abused children services, legal services, and subsistence payments.
6	Goal Name	Action on Homelessness
	Goal Description	The County and its partners will assist households with rapid re-housing to prevent homelessness and to provide overnight shelter for homeless individuals. This goal also includes HMIS and program administration.
7	Goal Name	Infrastructure Improvement (Sidewalks)
	Goal Description	Provide sidewalk construction and repair to create livable and walkable communities.

8	Goal Name	Demolition
	Goal Description	Demolish and remove dilapidated housing to allow new housing for LMI individuals and households to be built.
9	Goal Name	Program Administration
	Goal Description	Funds will be used to administer Charleston County's CDBG and HOME programs. HESG administration falls under the "Action on Homelessness" Goal.

Projects

AP-35 Projects – 91.220(d)

Introduction

Charleston County administers a comprehensive housing and community development program. This program includes awarding grants to local housing and service providers, the provision of housing rehabilitation services, grant oversight monitoring and regular reporting to the U.S. Department of Housing and Urban Development (HUD). The following projects describe the activities Charleston County will fund from Community Development Block Grant (CDBG), HOME Investment Partnerships Program, and Emergency Shelter Grants Program (ESG) funds in the coming program year.

Projects

#	Project Name
1	New Housing in Charleston County
2	Rehabilitation of vacant units in Charleston County
3	Well Septic and Infrastructure Connection Program
4	Emergency Repair Program
5	Public Services for Charleston County Residents
6	Rapid Re Housing and Shelter Operations
7	Sidewalk Improvements
8	Demolition of Dilapidated Structures
9	Charleston County Program Administration

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The funded projects address the housing and related services needs identified within the Needs Analysis and Housing Market Assessment sections of this Consolidated Plan. Charleston County awards grant funds to support housing and community development activities throughout the entire county, with the exception of the City of Charleston.

The greatest obstacle to addressing underserved needs is funding - there are always more needs than available funding. In spite of the obstacles to meeting underserved needs, goals are achieved through a concentrated effort implemented by a collaborative partnership of local government, nonprofit organizations and more recently, private organizations. Additionally, Subrecipients funded by Charleston County pursue funding from other local jurisdictions, foundations, and banks to ensure their projects come to fruition.

AP-38 Project Summary

Project Summary Information

1	Project Name	New Housing in Charleston County
	Target Area	Countywide
	Goals Supported	New Housing Construction (Rental and Sales)
	Needs Addressed	Affordable Housing and Suitable Living Options
	Funding	HOME: \$507,963
	Description	The County will continue to support the construction of affordable housing (sales and rental) throughout the jurisdiction.
	Target Date	8/31/2023
	Estimate the number and type of families that will benefit from the proposed activities	5 LMI households
	Location Description	North Charleston
	Planned Activities	Metanoia: \$269,321 (CHDO) Community First Land Trust: \$119,321 (CHDO) Palmetto Community Action Partnership: \$119,321 (HOME)
2	Project Name	Rehabilitation of vacant units in Charleston County
	Target Area	Countywide
	Goals Supported	Rehabilitation (vacant units to sell or rent)
	Needs Addressed	Affordable Housing and Suitable Living Options
	Funding	HOME: \$370,219
	Description	Purchase, rehabilitate and lease properties in Charleston County to low-income families
	Target Date	8/31/2023
	Estimate the number and type of families that will benefit from the proposed activities	5 LMI Households
	Location Description	North Charleston and areas around the County (to be determined)
	Planned Activities	Tricounty Weatherization Group HOME, LLC: \$175,889 (HOME) Community First Land Trust: \$169,320 (HOME) HERIndependence: \$25,000 (CHDO)
	Project Name	Well Septic and Infrastructure Connection Program

3	Target Area	Countywide County (Rural only)
	Goals Supported	Well and Septic Improvements
	Needs Addressed	Infrastructure Improvements and Development
	Funding	CDBG: \$300,000
	Description	Provide clean water and sanitary wastewater by either upgrading failing wells and septic systems or connecting LMI households to existing infrastructure. Maintenance of systems is also included in this project.
	Target Date	8/31/2023
	Estimate the number and type of families that will benefit from the proposed activities	30 LMI Households
	Location Description	To be determined
	Planned Activities	Charleston County Well, Septic Upgrade, Connection, and Maintenance Program: \$300,000
4	Project Name	Emergency Repair Program
	Target Area	Countywide County (Rural only)
	Goals Supported	Emergency Rehabilitation
	Needs Addressed	Affordable Housing and Suitable Living Options
	Funding	CDBG: \$437,641
	Description	Repairs of housing occupied by LMI households
	Target Date	8/31/2023
	Estimate the number and type of families that will benefit from the proposed activities	46 LMI Households
	Location Description	To be determined
	Planned Activities	Operation Home: \$149,607 Home Works of America: \$148,429 Town of Awendaw: \$89,607 Charleston Habitat for Humanity: \$49,998

5	Project Name	Public Services for Charleston County Residents
	Target Area	Countywide
	Goals Supported	Direct Services to the LMI Community Action on Homelessness
	Needs Addressed	Social Services to Benefit the LMI Community Homeless Needs
	Funding	CDBG: \$256,172
	Description	This program will include support for public services related to neglected and abused children, employment training, education, health services, the elderly, legal assistance, and subsistence payments to meet the needs in the County.
	Target Date	8/31/2023
	Estimate the number and type of families that will benefit from the proposed activities	3,539 LMI individuals assisted and 29 households given homeless person overnight shelter
	Location Description	Throughout Charleston County
	Planned Activities	Charleston Pro Bono Legal Services: \$40,808 Humanities Foundation: \$25,808 Carolina Youth Development Center: \$23,894 Charleston Area Senior Citizens: \$20,814 The Dee Norton Lowcountry Children's Center: \$20,808 Vision to Learn: \$20,808 Charleston Area Urban League: \$20,808 Charleston Promise Neighborhood: \$20,808 East Cooper Community Outreach: \$15,808 Trident Literacy Association: \$15,000 S.O.S. Healthcare: \$10,808 One80 Place: \$10,000 Wings for Kids: \$10,000
6	Project Name	Rapid Re Housing and Shelter Operations
	Target Area	Countywide
	Goals Supported	Action on Homelessness
	Needs Addressed	Homeless Needs
	Funding	ESG: \$142,221

	Description	The County and its partners will assist households with rapid re-housing to prevent homelessness and provide homeless individuals with overnight shelter. This project also includes HMIS and HESG administration.
	Target Date	8/31/2023
	Estimate the number and type of families that will benefit from the proposed activities	194 households given overnight shelter; 4 households provided rapid re-housing
	Location Description	To be determined
	Planned Activities	One80 Place: \$67,167 Florence Crittenton Programs of SC: \$49,387 HMIS: \$15,000 HESG administration: \$10,667
7	Project Name	Sidewalk Improvements
	Target Area	Countywide
	Goals Supported	Infrastructure Improvement (Sidewalks)
	Needs Addressed	Infrastructure Improvements and Development
	Funding	CDBG: \$300,000
	Description	Provide sidewalk construction and repair to create livable and walkable communities.
	Target Date	8/31/2023
	Estimate the number and type of families that will benefit from the proposed activities	2100 LMI individuals; 3300 linear feet of sidewalk
	Location Description	North Charleston
	Planned Activities	City of North Charleston: \$300,000
8	Project Name	Demolition of Dilapidated Structures
	Target Area	Countywide
	Goals Supported	Demolition
	Needs Addressed	Affordable Housing and Suitable Living Options
	Funding	CDBG: \$100,000
	Description	Demolition of dilapidated structures in LMI neighborhoods.

	Target Date	8/31/2023
	Estimate the number and type of families that will benefit from the proposed activities	20 dilapidated homes to be demolished
	Location Description	North Charleston
	Planned Activities	City of North Charleston: \$100,000
9	Project Name	Charleston County Program Administration
	Target Area	Countywide
	Goals Supported	Well and Septic Improvements Infrastructure Improvement (Sidewalks) Rehabilitation (vacant units to sell or rent) New Housing Construction (Rental and Sales) Emergency Rehabilitation Direct Services to the LMI Community Action on Homelessness Demolition Program Administration
	Needs Addressed	Affordable Housing and Suitable Living Options Infrastructure Improvements and Development Social Services to Benefit the LMI Community Homeless Needs
	Funding	CDBG: \$341,564 HOME: \$73,018
	Description	Funds will be used to administer Charleston County's CDBG and HOME programs. HESG administration is included under the project for "Rapid Re Housing and Shelter Operations."
	Target Date	8/31/2023
	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	Charleston County
	Planned Activities	Funds will be used to administer Charleston County's CDBG and HOME programs.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Charleston County awards grant funds to support housing and community development activities throughout the County (with the exception of City of Charleston, which has its own HUD funding). These funds support projects under the CDBG, HOME, and HESG programs. Grant funds are made available for use across the county.

Geographic Distribution

Target Area	Percentage of Funds
Countywide	50
City of North Charleston	50

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

There are needs throughout the county (including rural areas), so funds are distributed wherever they can be best utilized by partnering organizations. Charleston County Well, Septic Upgrades, Connections and Maintenance Program typically occur in rural areas of the County, which is represented by 10 percent of the total funds (this is an estimate only).

Discussion

Charleston County's partnering organizations serve the needs of LMI residents in all of the county's communities, so no area is prioritized over another.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Charleston County is committed to supporting the development of affordable housing for low- and moderate-income families in the communities throughout the county.

One Year Goals for the Number of Households to be Supported	
Homeless	4
Non-Homeless	56
Special-Needs	0
Total	60

Table 9 - One Year Goals for Affordable Housing by Support Requirement

One Year Goals for the Number of Households Supported Through	
Rental Assistance	4
The Production of New Units	5
Rehab of Existing Units	51
Acquisition of Existing Units	0
Total	60

Table 10 - One Year Goals for Affordable Housing by Support Type

Discussion

While the one-year goals show support for 56 non-homeless households, some of these recipients could be homeless and/or special-needs. Specifically, homeless and special-needs households could potentially receive one of the three new units or one of the six acquired/rehabilitated existing units. However, the determinations of who will receive these units will be made at a future date.

Note: HESG-funded rental assistance and CDBG-funded emergency repairs on owner-occupied homes are included in the tables.

AP-60 Public Housing – 91.220(h)

Introduction

There are two Public Housing Authorities that operate within the County's jurisdiction (outside the City of Charleston city limits): the Charleston County Housing and Redevelopment Authority (CCHRA) and the

North Charleston Housing Authority (NCHA).

Actions planned during the next year to address the needs to public housing

There are 1,079 vouchers allocated for use in Charleston County. CCHRA also oversees the management and operations of 399 one-, three-, and four-bedroom housing units (143 single-family homes and 256 elderly residences). The single-family homes are located in 50 different subdivisions throughout Charleston County. Public Housing serves an average of 508 families annually.

In addition, NCHA has over 2,056 voucher holders, a portfolio of 352 RAD units, and is involved in four tax credit apartment communities.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

CCHRA administers the Family Self-Sufficiency (FSS) program, a Section 8 program of the United States Department of Housing and Urban Development (HUD) encourages communities to develop local strategies to help assisted families obtain employment that will lead to economic independence and self-sufficiency. Residents in the Section 8 Program may sign up to participate in FSS. The program works with residents, who establish goals such as, continuing their education, job training, purchasing a first-time home, or starting a small business. Residents who participate in the program must agree to work toward achieving their goals and participate in specific training. Participants build escrow accounts from their rent payments to help them reach their final goal at the completion of the program. The Resident Services Department works with various agencies in the community to develop resources for participating FSS family members.

NCHA also has the FSS Grant.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

N/A

Discussion

The need for housing is greater than the availability.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Homelessness is a particularly troublesome and complex issue that plagues communities across the nation. A major reason that homelessness is so difficult to combat is that it has many causes with

overlapping and interrelated variables. The cause of any one person's homelessness often lies, not in a single factor, but at the convergence of multiple events and conditions. From one angle, homelessness can be seen as an economic problem - caused by unemployment, foreclosure, or poverty. From another viewpoint, homelessness could appear to be a health issue - as many homeless persons struggle with one or more conditions such as mental illness, physical disability, HIV, or substance abuse. Looking at the problem another way, homelessness emerges as a social problem - with factors such as domestic violence, educational attainment, or race lying at the root. In reality, homelessness is caused by all of these issues, sometimes simultaneously. As such, fighting homelessness requires a truly collaborative, community-based approach.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

People experiencing homelessness are engaged and assessed through the Coordinated Entry System. The core elements of the Coordinated Entry System include system entry points, the VI-SPDAT tool, and prioritization of individuals and families for referral to appropriate and available housing resources. The entry points to our system include all emergency shelters, street outreach teams, and the housing crisis phone line. These entry points are announced throughout the community using local media and community partners. When households present at any entry point, the first step of our assessment process is the diversion and prevention protocol. The second stage of the assessment process is the Housing Barrier Assessment and assistance with market housing. If the household is still experiencing homelessness after 14 days, the VI-SPDAT is administered, and the household is placed on the Prioritization List. The CoC uses the HUD-recommended priority policy for Chronically Homeless individuals. The CES helps to lower barriers to housing through consolidation of intake paperwork and a centralized Housing Inventory.

Addressing the emergency shelter and transitional housing needs of homeless persons

One80 Place provides emergency shelter for individual men, women, families with children and transitional housing for veterans.

One80 Place

- 60 beds for individual adult men experiencing homelessness
- 50 beds for individual women or families with children
- 40 transitional housing beds for male Veterans
- 6 transitional housing beds for female Veterans and/or families with children

Lowcountry Continuum of Care (CoC) manages the Housing Crisis Phone Line for all requests for shelter services in the jurisdiction. Available shelter beds are prioritized for households with children, persons

living in unsheltered situations, persons with long histories of homelessness, and for persons with disabling conditions.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Coordinated Entry System that is managed by the CoC relies upon a common assessment that assesses the vulnerability of homeless persons to help with the decision-making process about who to prioritize for services and how best to serve those persons and families experiencing homelessness. This process recommends certain persons and families for Permanent Supportive Housing (almost always these are chronically homeless persons), Rapid Re-Housing, or general support in finding suitable housing (but no financial support). Using this consistent method across Charleston County helps the CoC focus the limited resources available on those who are in greatest need. All entry points to our Coordinated Entry System use a Prevention and Diversion assessment to help households identify alternative ways to avoid becoming homeless and entering the service system.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Supportive services offered to households who have recently been housed are key to ensuring that homelessness remains a one-time occurrence. The CES aims at shortening the length of time persons experience homelessness by targeted engagement through outreach and inclusion on our community's Prioritization List for Permanent Supportive Housing for Chronically Homeless Persons, and Rapid Re-Housing for households experiencing episodic homelessness. More resources are needed for both Permanent Supportive Housing and Rapid Re-Housing in order for our community to reach a "functional zero" of homelessness; where all persons experiencing homelessness can transition to housing within 30 days. Case managers at institutions such as hospitals or corrections programs work to ensure that no one is discharged into homelessness. However, more meaningful collaborations and more frequent communication between homeless service providers and these institutions are needed in order to prevent

discharges to a homeless setting.

Discussion

Charleston County is one of two HESG recipients in the CoCs geographic area, with plans to award \$116,554. The area CoC, uses HMIS data to identify the most successful interventions. The CoC assisted in establishing these two funding priorities for 2021-2025:

1. Shelter Operations
2. Rapid Re-housing

Lowcountry CoC collaborates with the other South Carolina CoCs and the South Carolina Office of Economic Opportunity (OEO) to establish state-wide HESG priorities; performance measures, HMIS data collection standards, and evaluation methods. The first priority is shelter operations because other HUD funds in the community are prioritized for rapid re-housing; however, rapid re-housing is also a priority for the County's HESG funds.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Issue: Coordination on Affordable Housing (identified through roundtables in July/August 2020 and ongoing community discussions). There is a need to improve and streamline development of affordable housing as well as foster collaboration between government entities, developers, non-profits, employers, and affordable housing supporters. Education of the general public is also needed to create support for affordable housing.

Issue: Lack of Affordable Housing (identified through roundtables and survey in July/August 2020 and ongoing community discussions).

Issue: Princeton University Eviction Lab identified the City of North Charleston #1 Evicting Large City in the United States (<https://evictionlab.org/>)

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Issue: Coordination on Affordable Housing (identified through roundtables in July/August 2020 and ongoing community discussions). There is a need to improve and streamline development of affordable housing as well as foster collaboration between government entities, developers, non-profits, employers, and affordable housing supporters. Education of the general public is also needed to create support for

affordable housing.

Strategy: Promote coordination on Affordable Housing.

- The County will continue to be a part of ongoing collaboration on affordable housing.

Issue: Lack of Affordable Housing (identified through roundtables and survey in July/August 2020 and ongoing community discussions)

Strategy: Increased number of affordable housing units developed.

- For PY2021, provide funding to local nonprofits and a developer to create 3 new construction units for purchase, 1 rehabilitated vacant unit for purchase, and 5 rehabilitated vacant units for rental.

Issue: Princeton University Eviction Lab identified the City of North Charleston #1 Evicting Large City in the United States (<https://evictionlab.org/>)

Strategies: Support the Housing Court and Legal Services

- **Housing Court:** On May 24, 2019, the Supreme Court of SC created a Housing Court in the Charleston County Magistrate Court. There is a significant need to provide access to legal representation to tenants in Charleston County facing eviction. Support the Housing Court through a local nonprofit's efforts (see below).
- **Legal Services:** Funding Charleston Pro Bono Legal Services activities. Charleston Pro Bono Legal Services is a 501(c)(3) nonprofit that provides essential legal services to low-income children, families, and individuals. In addition to the legal services provided, they coordinate efforts in the Housing Court.

Discussion:

Two main factors contribute to the Charleston County's affordable housing problem: 1) A household's ability to afford housing based on its income, and 2) the price of housing. In response, the County will work on the initiatives mentioned above as well as employ activities intended to foster the development of affordable housing for low-to-moderate income families and individuals such as rehabilitating vacant units to sell or rent, constructing new housing to sell or rent, and repairing owner-occupied housing.

AP-85 Other Actions – 91.220(k)

Introduction:

Through its Community Development programs, the County seeks to meet underserved needs, create and maintain affordable housing, reduce lead-based paint hazards, reduce the number of families in poverty, develop institutional structure, and enhance coordination between public and private housing and social service agencies. Actions related to address these obstacles are discussed throughout this section.

Actions planned to address obstacles to meeting underserved needs

The County seeks to meet underserved needs through its housing and community development programs. A particular need in the Charleston County is financial assistance to persons who are homeless or who are at-risk of becoming homeless. The County addresses this need by providing funds to nonprofit organizations serving homeless individuals and households. In addition, infrastructure improvements - to include well/septic upgrades and infrastructure connections, mostly in underserved communities, will help to foster safe and decent living environments for the residents of Charleston County.

Actions planned to foster and maintain affordable housing

The County (through its partners) will employ activities intended to foster and maintain affordable housing for low-to-moderate income families and individuals such as rehabilitating vacant units to rent, constructing new housing to sell or rent, and repairing owner-occupied housing.

Actions planned to reduce lead-based paint hazards

Charleston County requires documented evidence of adherence to the Lead Safe Housing Rule (LSHR) requirements and evaluates project management to ensure awardee compliance with County policies in the area of LBP Hazards oversight.

Actions planned to reduce the number of poverty-level families

Some of the actions Charleston County will take this program year are as follows:

- (1) Through the use of collaborative partnerships, provide additional and improved housing by engaging in the rehabilitation and creation of housing;
- (2) Provide essential legal services supporting home and family stability through a non-profit partner funded for that purpose;
- (3) Through the County's partnering institutions, provide persons who are at risk of becoming homeless

with rapid re-housing, rental, mortgage and/ or utility assistance;

(4) A non-profit partner funded by the County will provide comprehensive health services to uninsured and under-insured low-income adults at no cost; and,

(5) Fund partners that assist homeless individuals and households with overnight shelter.

Actions planned to develop institutional structure

Charleston County's Community Development Department continues to improve its processes and programs by participating in HUD-sponsored training and other training activities that will increase our capacity to deliver superior service to low- and moderate-income citizens in Charleston County. The Department is also building its capacity by continuing to partner with nonprofit housing and public service providers as well as engaging professional services (e.g., well drilling) when necessary to ensure that the needs of the community are being addressed. The Department is fortunate to have a Community Development Advisory Board to assist it in making funding decisions and meeting the needs of the community.

Actions planned to enhance coordination between public and private housing and social service agencies

Charleston County has targeted significant CDBG and HOME resources for its housing partners to build affordable housing, rehabilitate existing units, and repair owner-occupied homes. The County will continue to work with its partners to encourage affordable housing.

Discussion:

Overall, Charleston County is engaged in ongoing efforts to increase coordination amongst the complex network of public, private, and nonprofit organizations that deliver housing and social services to the community. As the administrators of HUD's CDBG, HOME and HESG programs, the County's Department of Community Development acts as a hub for community and economic development in the area. Open lines of communication are maintained between the County and the area's many non-profit and social service agencies

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	80.00%

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

N/A

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The County uses recapture as its method of protecting affordability. All properties receiving financial assistance from the County for homeownership and homebuyer activities must ensure that the housing remains affordable to families with incomes of 80 percent or less of the area median for at least the minimum affordability period based on the initial amount of assistance provided. The affordability requirements will be enforced with restrictive covenants or liens that will be recorded with the County's Register of Deeds. More details about the guidelines can be found in the County's HOME Program Operating and Procedures Manual.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

For all homebuyer or homeowner activities to include owner-occupied rehabilitation, homebuyer down payment and closing cost assistance and housing development subsidies that cause the unit to be sold below fair market value projects, a recapture provision shall be utilized. These subsidies represent a direct subsidy to the homebuyer. If the home is sold during the period of affordability, the County must be notified of the sale. The County will execute written agreements that reflect the recapture provisions at or before the time of sale and will be enforced via a recorded lien. All County initiated activities for homebuyer, homeownership, and owner-occupied activities will have an affordability period as required by 24 CFR Part 92.254. CHDO's and or subrecipients will be required to enforce these recapture provisions. These provisions will be included in the lien/loan documents. More details about the guidelines can be found in the County's HOME Program Operating and Procedures Manual.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

No funding will be utilized to refinance existing debt.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

See attached "Monitoring Plan," which is applicable to all Urban Entitlement projects. In addition, the following standards must be met:

- Must be private nonprofit organizations.
 - Agencies must submit 501(c)3 status documentation.
 - Agency's project request for HESG funds must be endorsed by the local Continuum of Care to make sure the agency's project is in line with the CoC's priorities and standards. Agencies must provide a service that HUD prioritizes (Rapid Re-Housing, Street/Community outreach, Shelter Operations).
 - Any agency receiving HESG funds is obligated to maintain both client services activity records and performance outcome measures utilizing HMIS. Domestic violence, AIDS and legal service providers must use a comparable database that collects client-level data over time and generates unduplicated aggregate reports.
2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

Lowcountry Continuum of Care (CoC) uses a Coordinated Entry System (CES) that covers a seven county service area (including Charleston County) and therefore employs unique aspects to address the differing needs that exist in these urban and rural settings. Outreach coordinators target both known locations where persons live unsheltered and service sites where homeless persons go to receive services. Most people access coordinated entry through the housing crisis line and the CoC website. They assess all households engaged through outreach and/or who seek housing assistance to determine their level of vulnerability and appropriateness for housing interventions. The CES is advertised and participated in by all service providers in the service area and by the housing crisis line, a human services information call center. This emergency hotline takes the burden of navigation off of the individual or family and ensures that everyone in the community has equal access to the services available. All federally funded housing services provided within the CoC are prioritized based upon vulnerability. Outreach workers and service providers use HMIS (or comparable database for domestic violence, AIDS and legal service providers) to build and update our Prioritization List and a By-Name List on an ongoing basis.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The County issues a Request for Applications (RFA) requesting that interested agencies apply for ESG eligible activities. After applications are received, an ad hoc grant review subcommittee reviews/scores the applications and provides the scores to the Community Development Advisory

Board (CDAB). The CDAB makes funding recommendations, which are then reviewed and approved during a Charleston County Council public hearing. The public hearing notice is published in The Post & Courier. For HESG funding, the Lowcountry Continuum of Care first reviews project requests and endorses selected projects for the Board's consideration.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

A homeless and/or formerly homeless individual participates in the CoC governing body. Charleston County consults the CoC when prioritizing policy and funding decisions related to the ESG program.

5. Describe performance standards for evaluating ESG.

See attached "Monitoring Plan," which is applicable to all Urban Entitlement projects.
