2. Request for Applications Summary

i Charleston County's Community Development and Revitalization Department is the administering agency for the County of Charleston and the City of North Charleston's Urban Entitlement funding. The various funding streams are the Community Development Block Grant (CDBG) Program, HOME Investment Partnerships (HOME) Program and Emergency Solutions Grant (HESG). In addition, there are HOME set-aside funds for housing development included in this Request for Applications. The funds, referred to as Community Housing Development Organization (CHDO) set-aside funds, will be awarded for housing development activities that result in decent, affordable housing for low- to moderate-income households in Charleston County. Each of these grant programs are funded by an allocation from the U.S. Department of Housing and Urban Development (HUD).

FUNDING

Funding estimates for the 2025 HUD CDBG, HESG and HOME/CHDO Fiscal Year (07/01/25 - 06/30/26) have not yet been provided by HUD; however, it is anticipated that Charleston County (the "County") will receive funding to support housing and community development activities across all of Charleston County and its ten participating jurisdictions. Using recent year's allocations as a guide, the County/City of North Charleston received \$1,804,614 million in CDBG funds, \$728,751.86 in HOME/CHDO funds, and the County also received \$155,899 in Emergency Solutions Grant (HESG) funds.

The County partners with the City of North Charleston ("North Charleston") to receive the Urban Entitlement designation and subsequent funding; and thus, shares the award. North Charleston has historically received 50 percent of the award based on its citizen population, and the County has received the remaining 50 percent to utilize across all of the County-- specifically in the participating jurisdictions of the Town of Awendaw, Town of Hollywood, Town of James Island, Town of Lincolnville, Town of McClellanville, Town of Mount Pleasant, Town of Ravenel, Town of Sullivan's Island, the City of Isle of Palms, and the unincorporated areas of Charleston County.

REQUEST FOR APPLICATIONS

In an effort to continuously improve and further refine the program and its various elements, Charleston County and the City of North Charleston have combined their Request for Application (RFA) process.

The RFA is being solicited for programs and projects that meet the goals outlined in the County's PY2021-2025 Consolidated Plan. The proposal must identify the specific goal that the project will address and must include measurable outputs. Note: The application must clearly identify whether the proposal is being submitted to Charleston County, the City of North Charleston, OR both governmental bodies.

SERVICE AREA

The Charleston County Urban Entitlement area is comprised of all of the incorporated and unincorporated areas of the County with the exception of the incorporated city limits of the City of Charleston. (Note: Grant applications will be accepted on behalf of the City of North Charleston for its part of the County's Entitlement funds.) Applications must describe the location (street, road, community) the project will serve if project is not countywide. Applicants for infrastructure projects, HOME funds, and CHDO funds must provide a map which shows a block/census tract number or a tax map number (TMS) of the service area. Tax Map Numbers (TMS) can be accessed online at www.charlestoncounty.org.

3. Application Eligibility

i CHARLESTON COUNTY CONSOLIDATED PLAN GOALS AND COMMUNITY OUTCOMES

As a requirement of the Urban Entitlement allocation, the County is mandated by HUD to identify community needs that can and will be addressed through the use of the federal funds. The County identifies priorities for the three funding streams—CDBG, HESG, and HOME (which includes CHDO).

PY2025 ELIGIBLE PROJECTS/AREAS

A complete listing of eligible project categories and those identified as receiving priority in the scoring process can be found within this package in Section 8.

ELIGIBLE APPLICANTS

Private for-profit agencies engaged in providing services to low- and moderate-income individuals ARE ALSO ELIGIBLE. Nothing herein is intended to, nor should it be construed to, limit competition; instead, it is for the purpose of meeting the direct benefit or area benefit of persons or communities eligible to receive grant funds using a system of fair, impartial and free competition among all Applicants. It is the intent and purpose of the County and the City of North Charleston that this RFA permit competition. For CHDO, eligible applicants must meet the criteria to be certified a Community Housing Development Organization (CHDO) with capacity to develop affordable housing in the Charleston County Urban Entitlement community.

These requirements are imposed on all building constructed pre-1978, when lead was removed from all paint by federal law. The cost to remove LBP should be included in the construction budget. Note that clearance must be conducted on any rehabilitation project (including gut rehabilitations) if the building was built pre-1978.
- l. The applicant will be required to submit an Environmental Review package on designated projects to Charleston County Community Development and Revitalization Department for evaluation and submittal to HUD for approval before a contract can be executed and work can begin on the project.

ENVIRONMENTAL REVIEW REQUIREMENTS and HUD CLEARANCE (if applicable*)

*Applies to the following types of projects:

- CDBG Infrastructure/Demolition/Sidewalks
- CDBG Emergency Housing Repair
- HOME/CHDO Housing Rehabilitation
- HOME/CHDO New Construction/Acquisition
- Any other HUD-fined projects that have potential physical effects on the environment

The Objective

The objective of the Environmental Review (ER) process is to ensure that due diligence has been undertaken in identifying potential environmental impacts associated with projects that use HUD funds. Adverse environmental impacts can result from projects. Examples of such adverse impacts include: destruction of wetlands; destruction of native vegetation; destruction of historic properties; exposing citizens to excessive noise; and flood hazards.

Please note: no part of project can begin without environmental clearance.

Goals of Environmental Review

- To ensure that environmental concerns are identified and addressed before a project is undertaken (this must occur prior to contract execution)
- To promote the health and safety of residents, neighborhoods, and communities
- To protect land, air, and water

PY 2025 Projects

All entities should be aware that if a project requires an Environmental Assessment (EA) or full ER, this clearance process could greatly delay project start-up and affect project site feasibility. Additionally, the entity will incur additional expenses in obtaining such clearance. The subrecipient will be responsible for conducting the EA/ER or hiring a consultant for the following types of projects:

- New construction
- Infrastructure water/wastewater lines, etc.
- Sidewalks
- Demolition/Acquisition/Disposition
- Conversion
- HOME/CHDO-funded rehabilitation projects

Sub-recipients may choose to complete the ER or they may find it more beneficial to have a firm/consultant complete the package. All expenses incurred may be charged to the grant award once the project is implemented and the contract executed. The HUD-mandated checklist along with all corresponding documentation (clearance letters, maps, research) must be completed and submitted to the Charleston County Community Development and Revitalization Department for review and submission to HUD. Once County staff has reviewed the package, it will be submitted for HUD clearance and the release of funds for said project. At this time, the contract may be issued and any costs associated with the ER may be submitted for reimbursement against the grant award. Please note that once a site has been reviewed and environmentally cleared, the clearance remains effective for five years.

Guidance

Should an agency or city/town require more information on the ER process, please consult the HUD Exchange website at: <https://www.hudexchange.info/environmental-review/>.

The County will continue to perform all basic-level Environmental Reviews for projects such as:

- Public service activities
- Inspections, testing services
- Engineering and design costs
- Technical assistance, training
- Rental assistance
- Operating costs including maintenance
- Down payment assistance
- Financing and pre-development costs
- CDBG-funded emergency housing repairs (maintenance and rehabilitation)

All selected applications/projects and the commitment of funds are contingent upon the completion of an Environmental Assessment for compliance with the National Environmental Policy Act (NEPA) of 1969. The Environmental Assessment is required for all projects that involve possible disturbance of the surrounding environment. It is mandatory that a determination whether these activities will affect or alter the local environment and cultural resources; therefore, Environmental Reviews (ER) must be approved by the County as the responsible entity and obtain environmental clearance from HUD prior to the start of any related activities. Each review is detailed and contingent upon a compliance review of each applicable law and authority found at 24 CFR Part 58. On average, the ER process takes a minimum of 60 days but can take 4-6 months.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG):

Emergency Housing Repairs

Emergency housing repairs will be funded with CDBG dollars. For larger housing rehabilitation projects, prospective applicants should investigate whether they have the capacity and funding required to apply for HOME funds.

This program will fund entities whose projects provide limited (emergency) repairs for homeowners who meet the eligibility criteria listed:

1. **Income Requirements:** The household must have an income below 80% of median income as defined by HUD. These figures are adjusted annually and can be found in Section 9 of this document.
2. **Acceptable Repair Work:** The dwelling must exhibit serious threats to health and safety or the owner must be in need of handicap accessibility. Typical eligible activities are listed in the table on the following page:

Roof Replacement	The roof and ceiling must be collapsing with the potential for falling at any time. Leaking roof is not eligible.
Plumbing	No running water to: kitchen sink, one lavatory, shower or tub, <u>and a toilet</u> . All plumbing must be connected to public sewer, or other approved disposal system.
Electrical	Exposed electrical wiring (verified by electrical inspector) and wiring which poses a fire hazard.
Flooring	Flooring which has the potential for collapsing at any time.
Gas Leak	Must be verified by South Carolina Electric and Gas Company.
Gas Operated Unvented Hot Water Heaters	To eliminate the danger of potential explosion.
Porch Floors and Rails	Structurally unsound porches which may collapse at any time. Broken rails greater than 1 foot in length. Porches must be greater than 30 inches above the ground.
Exterior Wall Repair	Holes in walls greater than two square feet, exposing inside to outside elements.
Handicap Accessibility Improvements	Install ramps for handicapped persons. Floors should be accessible for ingress and egress throughout the house. Protective railings for interior stairs.

This program is not designed to provide overall improvements to housing but rather simply eliminate threats to health, safety and welfare and provide for handicapped accessibility. In order for the County and City of North Charleston to provide housing repair services to a wider number of households, this CDBG program is limited to emergency repairs. Emergency Repair providers can provide their own cap, but the cap cannot exceed the following:

- Charleston County - \$20,000
- City of North Charleston - \$20,000

EMERGENCY SOLUTIONS GRANT

Continuum of Care Endorsement Process

HUD requires that Emergency Solutions Grant funds support the Continuum of Care model that is based on alleviating homelessness through a community-based process, which enables the homeless population to steadily move toward independence. The Lowcountry Continuum of Care (CoC) is the HUD-recognized Continuum of Care for Beaufort, Berkeley, Charleston, Colleton, Dorchester, Hampton, and Jasper counties. In order for an agency located and/or providing services in those counties to receive funding through the Emergency Solutions Grant process, that agency's project request for HESG funds must be endorsed by the Lowcountry CoC Endorsement Committee.

HUD is placing an emphasis on new outreach and rapid re-housing activities. Based on HUD's priorities, consultation with Continuums of Care across the State and local providers, the Lowcountry CoC has established an order of funding priorities for the 2025 HESG funding cycle.

The priorities are as follows:

1. Rapid Re-Housing
2. Shelter Operations
3. Homelessness Prevention
Street/Community Outreach

Requests for endorsement for Charleston County's Emergency Solutions Grant 2024 funding cycle should be submitted to Heather Carver (hcarver@lowcountrycoc.org) **December 13, 2024 at 12:00 PM**. Should the Endorsement Committee determine that an agency's project is in line with the CoC's priorities and standards, the committee will provide the agency and the County with a letter of endorsement. **An agency must have the letter of endorsement in order to be eligible for funding consideration from Charleston County.**

Please complete the requests for endorsement found on the CoC website at <https://lowcountrycoc.org/funding>

This process helps the Lowcountry CoC endorse organizations that have the capacity to run effective programs. Applicants must demonstrate programmatic and fiscal capacity, as well as need within the Continuum of Care region

Here are some of the criteria the CoC will be examining:

- Be financially feasible
- Housing First and/or Low Barrier
- Active CoC participant
- Participates in Coordinated Entry
- Participates in the annual Point in Time Count
- Already providing an ESG service or similar

The ESG Program is intended to be a supplemental grant for an entity's program and is not intended to be the sole source of funding for the program. Applicant must already be providing ESG services or ESG related services (this grant is not intended to begin or establish an ESG program)

Learn more about the CoC and its requirements at <https://lowcountrycoc.org/>

Potential applicants should be familiar with and able to comply with regulations related to HESG funding.

Some of the regulations include:

- Rental assistance agreement - The agency may make rental assistance payments only to an owner/landlord with whom the agency has entered into a rental assistance agreement.
- All HESG recipients must use the locally adopted HMIS system.
- HESG recipients are prohibited from assisting with the discharge of persons from any system of care that will immediately result in homelessness (i.e. hospital discharge to a shelter, jail discharge to a shelter)
- The age of a child under age 18 must not be used as a basis for denying any family's admission to an HESG funded site.

These are only a few of the HESG regulations. Applicants should make themselves familiar with the HEARTH Act Regulations as published in the Federal Register at <https://www.hudexchange.info/esg/>.

HOME INVESTMENT PARTNERSHIPS PROGRAM

The Consolidated and Further Continuing Appropriations Act of 2012 (P.L. 112-55) imposed new requirements on projects receiving funds from the HOME Investment Partnerships Program (HOME). The purpose of these requirements is to improve project selection, timeliness of construction, and to ensure there is adequate market demand for the HOME project. HOME project funds are widely known to be the most difficult and challenging of HUD funds to manage successfully.

Potential applicants should be familiar with and able to comply with newly established regulations related to HOME funding. If the agency or business has not received and successfully managed HUD HOME funds, it is strongly encouraged that you review all HOME related regulations and information which can be found on-line at <https://www.hudexchange.info/programs/home/home-facts/>. Should you have further questions after a review of the regulations online, please contact the Community Development and Revitalization Department at 843-202-6980.

Please note: Owner-occupied rehabilitation projects are for North Charleston only. The subrecipient must work with the City of North Charleston's list of eligible homeowners.

CHDO: REQUIREMENTS FOR SUBMISSION

Eligible applicants must meet the criteria to be certified a Community Housing Development Organization (CHDO) with capacity to develop affordable housing in the Charleston County Urban Entitlement community. The stated purpose of the CHDO must involve the provision of decent housing that is affordable to low- and moderate-income persons. To be an eligible applicant, the certified CHDO must meet all application requirements outlined in the Request for Application packet and must serve as owner, developer and/or sponsor of the activity.

Eligible CHDO activities to be considered include:

- acquisition and/or rehabilitation of rental property;
- new construction of rental housing;
- acquisition and/or rehabilitation of vacant property;
- new construction of homebuyer property; and
- direct financial assistance to purchasers of HOME-assisted housing sponsored or developed by a CHDO with HOME funds.

Ineligible CHDO set-aside activities include:

- tenant-based rental assistance;
- homeowner rehabilitation; and
- brokering or other real estate transaction

All projects should be designed to begin immediately. Contract duration will be determined at contract execution and will be determined based upon project scope. Progress reports are required for all projects, as are completion reports. Additional reporting and/or information may be required depending on the scope of the project.

All projects must comply with the federal regulations applicable to CHDO activities. These regulations may include (but are not limited to): Environmental review, federal procurement standards, Fair Housing and Equal Opportunity regulations, lead based paint regulations, and federal fiscal/audit standards. Projects are monitored through technical assistance, site visits, and formal file reviews. Regulations specifically related to CHDOs can be found in 24 CFR Part 92.

Development fees will be 12-15 percent of the award and will be paid based upon project milestones. The milestones and timeline for payment will be negotiated after award but pre-contract.

There is a 25% match requirement for projects awarded by the County of Charleston. Should the City of North Charleston award a CHDO project, match will be determined at award time. This match may be comprised of in-kind support or cash. An entity may not utilize any administrative dollars or administrative in-kind services towards this match requirement. The County MAY be able to negotiate the match, if funding is awarded.

FUNDING TIME FRAME

To ensure that funded sub-recipients can successfully administer and achieve their stated goals, the funding cycle is anticipated to begin September 1, 2025 and conclude on August 31, 2026. These dates are dependent upon the actual release of funds from HUD.
