THE CHARLESTON COUNTY LEGISLATIVE DELEGATION
IS SEEKING A FLOODING AND PUBLIC WORKS COORDINATOR

The Charleston County Legislative Delegation is taking applications for the position of Flooding and Public Works Coordinator (FPWC). This is a part-time position, on an as-needed hourly basis, with a rate to be determined by a person’s skill and experience. The FPWC must have public works experience in one or more of the following areas: infrastructure, water, or sewer. A bachelor’s degree is preferable, but it may be substituted by a person’s experience and education history. The selection of the FPWC is contingent upon completion of a satisfactory background check and credit review.

The FPWC will interface in a professional manner between the delegation office and Charleston County residents to document flooding, infrastructure, and other public works issues and then coordinate a response from the appropriate agency or department. The FPWC will make on-site visits and file reports with the delegation office as required. The FPWC must have his/her own vehicle, cell phone, and computer with Microsoft Office.

If interested in being the FPWC, please submit a resume and list of references to the Charleston County Legislative Delegation Office by email to ccollum@charlestoncounty.org. In the subject line of the e-mail, please include “Resume for Flooding Coordinator/Liaison.” In the body of the e-mail, please include a brief explanation of your public works experience and educational background. A background check and credit review will be performed prior to selection.
