All motorists traveling through the project area are asked to be aware of equipment and crews and to be prepared for delays beginning this week. Alternative routes are recommended if possible. The public is also asked to notice traffic control signs, reductions in speed limit and message board information, and to note that all road work is dependent on the weather.

The project, which is expected to be completed in the fall of 2012, is funded by the [Charleston County Transportation Sales Tax](#) and managed by [Charleston County Government's](#) RoadWise Program, in close coordination with the [Town of Mount Pleasant](#) and the [S.C. Every effort is being made to schedule necessary lane closures for the project during off- peak, nighttime and weekend hours when possible.
