## County to Employ up to 75 Students for Summer Work

*Applications accepted June 1-3 for new Summer Youth Work Program*

During a special council meeting on Thursday, May 26, [Charleston County Council](#) unanimously approved authorizing staff to implement a Summer Youth Work Program beginning in June. County Council appropriated \$100,000 from its Fiscal Year 2011 Council Contingency fund for the 2011 Summer Youth Work Program.

From June 1-3, [Charleston County Government](#) will accept applications from students who want to get real work experience this summer. The goal is for students to obtain summer employment and explore the various career opportunities that exist within County departments, while gaining critical workforce skills.

"The purpose of the program is to ensure that youth are gainfully employed, learning a job, and contributing to our community," said Sonnie Robinson, who is coordinating the program for the County. "The program will provide our youth with a positive work experience today and help to build our economy for tomorrow."
