Charleston County Upcoming Mount Pleasant Resurfacing Projects

[Charleston County Government](http://charlestoncountysouthcarolina.com) will be managing several resurfacing projects in the Town of Mount Pleasant, starting tomorrow, April 17 and continuing through the end of the month. Due to the Easter holiday, resurfacing operations will not be conducted from Friday, April 19 – Monday, April 22. All work is weather permitting.

Crews will work during the day at all locations with the exception of Hungry Neck Boulevard. The application is a thin, cold-applied asphalt overlay that will improve the surface traction and aesthetic appeal of your street while it preserves the existing asphalt.

RESURFACING LOCATION:

- Home Farm Road
- Charlotte G Circle
- Marsh Court Lane
- Long Oak Drive
- Oak Park Drive
- Lillie and Rebecca Lane
- Old Marsh Parkway
- McAdams Court
- Hungry Neck Boulevard (night-time)

TRAFFIC CONTROL & DRIVING:

- Traffic will be restricted to one lane during paving operations with one lane remaining open for travel.
- Cul-de-sacs and streets less than 18' wide will be closed to ensure the fastest and safest installation, so alternative parking should be utilized.
- Orange cones will mark off work areas and other areas that should not be driven on.
- The new pavement needs to cure for approximately 3 hours before it can be opened for traffic. If you must cross over an unopened section of roadway, please wait at least one hour after it has been paved. Cross straight over - do not turn sharply on the new surface or you will damage it. Do not continue to drive on the closed lane. *Failure to follow these guidelines will damage the road and may possibly soil your vehicle and property with asphalt.*
- If you have concrete, brick, or exposed aggregate driveways, do not cross over the new surface and into your drive until the cones have been removed from the street.

Visit the official website at roads.charlestoncounty.org for public meeting notices and up-to-date news and information about all Charleston County Transportation Sales Tax road projects. Anyone with questions about the project can call Charleston County's Transportation Development Department at (843) 202-6140.
