## **First quarterly meeting for Main Road Segment A project set for March 13**

Charleston County Public Works officials will host the first quarterly public meeting for the Main Road Corridor Segment A project on Thursday, March 13, 2025, from 6:30 to 7:30 p.m. at Saint John's High School, located at 1518 Main Road.

During the meeting, the project team will provide updates on milestones achieved, work underway, and next steps. Following their presentation, attendees will have the opportunity to ask questions and speak directly with the project team.

Funded by the 2016 Transportation Sales Tax, Segment A begins at Bees Ferry Road and continues for 2.4 miles along Main Road to River and Chisolm Roads. The project's purpose is to reduce congestion at the intersection of Savannah Highway and Main Road, increase capacity along Main Road from Bees Ferry Road to River Road/Chisolm Road, provide safe bicycle and pedestrian access, and improve stormwater drainage throughout the project area.

The project team will host quarterly public meetings to deliver status updates and answer questions throughout the duration of construction.
