(b) the anticipated cost of the Project is $8,000,000 or more; and

(c) the Project will benefit the general public welfare of the State, and the County in particular, by undertaking an anticipated investment of $8,000,000 or more and by creating an anticipated 50 jobs with a resulting alleviation of unemployment and a substantial increase in payrolls and other public benefits incident to the conduct of such businesses not otherwise provided locally; and

(e) the FILOT Agreement requires that the Company maintain the Project and carry all proper insurance with respect thereto; and

Section 2. The County hereby agrees to enter into the FILOT Agreement with the Company, whereby the Company will agree to make negotiated FILOT payments with respect to such Project in accordance with the terms thereof. The FILOT Agreement will provide, *inter alia*, the following:

(a) Because the Company does not anticipate completing the Project within the five-year period specified in the FILOT Act, the County approves an extension of such period for completion for an additional five years as provided in the FILOT Act (such ten-year period herein referred to as the “Investment Period”); provided, however, that the Company must invest not less than $5,000,000 in the Project prior to the end of the statutory five year period as required by the FILOT Act.

Section 3. As reimbursement for the Company’s documented investment in Special Source Improvements, the County agrees that the Company shall be entitled to claim Special Source Credits against its FILOT payments pursuant to the Special Source Act in amounts equal to 35% of the aggregate FILOT payments derived from the Project for the first twenty years for each annual increment of investment, net of 6.75% of such payments allocable to Multi-County Park Fees and deposits to the County’s Economic Development Fund compressed into a six-year period and weighted as provided in the FILOT Agreement; provided, however, that the aggregate amount of the Special Source Credits shall not exceed the aggregate cost of the Special Source Improvements associated with the Project which have been paid for by the Company. The use of such Special Source Credits will subserve the purposes and in all respects conform with the provisions of and requirements of the Special Source Act and the Multi-County Park Act.

Section 4. The County will diligently take all reasonable acts to insure that the Project will be included, and will remain, within the boundaries of a multi-county industrial or business park pursuant to the provisions of the Multi-County Park Act on terms which provide the maximum jobs tax credits afforded by the laws of the State for all jobs created by the Company in the County during the Investment Period and which facilitate the Special Source Credits described in Section 3 hereof.
